Subcommittee on Consumer Affairs, 1987      Finance, Rule of Law and Development in Asia Jiaxing Hu, Matthias Vanhullebusch, Andrew Harding, 2016-04-26 The financial markets of Hong Kong and Singapore are leading examples in Asian financial development and regulation Shanghai which is developing its Free Trade Pilot Zone is equally aiming to incorporate a sophisticated service market in order to upgrade reform and reinvigorate the current economic model of development in China in the aftermath of the global financial and economic crisis Streamlining administrative regulation is a precondition for its financial market to find root and play a central role in Asia and beyond Finance Rule of Law and Development in Asia offers a contextualized approach to the economic and political realities within Asian financial markets especially in these three different jurisdictions The volume adopts a comparative and precise account on the prospects and challenges in further developing these financial centres      **The Evolution of Law against Payment Frauds** Christopher Chen, 2022-12-09 This book examines the evolution of legal institutions in containing and tackling fraudulent activities plaguing payment systems payment fraud e g forged cheques wrongful payment instructions etc in Asia focusing on laws in Greater China and Singapore In the past century the payment system has invited

much innovation changing the modes of payments from exchanging cash and coins to the use of cards wire transfers and other new types of payment instruments or services e g bitcoins or QR code payments As the nature of payment services is to move money from one place to another it naturally attracts fraudsters Even with advanced computer technology payment fraud is still rampant in the market causing billions of dollars in losses globally per annum Through an examination of payment instruments and associated frauds over time the book illustrates a shifting trend of legal solutions from criminal sanctions and civil compensation to a gradual focus on regulations of payment intermediaries This trend reflects the complexity of payment systems and the challenge of protecting them The book also identifies the underlying actors and institutional characteristics driving the evolution of legal institutions to deal with payment fraud and illustrates how the arrival of new technology may affect the market and thus the evolution of legal institutions The book will help readers to better understand the interaction between technology the market and law and help regulators financial institutions practitioners and end users as well as about payment fraud and corresponding legal responses

Financial Information Privacy Act of 1998 United States. Congress. House. Committee on Banking and Financial Services,1998     *The Consumer Credit Protection Act Amendments of 1977* United States. Congress. House. Committee on Banking, Finance, and Urban Affairs. Subcommittee on Consumer Affairs,1977     **The Consumer Credit Protection Act Amendments of 1977: September 20, 22, 23, and 26, 1977** United States. Congress. House. Committee on Banking, Finance, and Urban Affairs. Subcommittee on Consumer Affairs,1977     Pharmaceutical and Medical Device Safety Sonia Macleod,Sweta Chakraborty,2019-02-21 This book examines how regulatory and liability mechanisms have impacted upon product safety decisions in the pharmaceutical and medical devices sectors in Europe the USA and beyond since the 1950s Thirty five case studies illustrate the interplay between the regulatory regimes and litigation Observations from medical practice have been the overwhelming means of identifying post marketing safety issues Drug and device safety decisions have increasingly been taken by public regulators and companies within the framework of the comprehensive regulatory structure that has developed since the 1960s In general product liability cases have not identified or defined safety issues and function merely as compensation mechanisms This is unsurprising as the thresholds for these two systems differ considerably regulatory action can be triggered by the possibility that a product might be harmful whereas establishing liability in litigation requires proving that the product was actually harmful As litigation normally post dates regulatory implementation the private enforcement of public law has generally not occurred in these sectors This has profound implications for the design of sectoral regulatory and liability regimes including associated features such as extended liability law class actions and contingency fees This book forms a major contribution to the academic debate on the comparative utility of regulatory and liability systems on public versus private enforcement and on mechanisms of behaviour control     **Crescent City Marine** ,1994-12     **Congressional Record** United States.
