America is called a melting pot of all cultures. As the immigration of different cultures continues to flood this land of opportunity, a revolution is taking place in the fusion of their cultures and cuisines. This transformation has been very prominent in the last 50 years and it is clearly visible in the emerging American cuisine. Practically, this cuisine has fused to become a spectacular global cuisine. In my book, I am not only giving the recipes that we love so dearly but also tried to emphasize the history and origin of these recipes and describe the use of healthful ingredients and spices to prolong your life. We have to watch what we eat. I am trying to bring this point to the attention of the reader that according to ancient Indian treatises and modern scientific research, it is established that the use of spices is not only for taste but it is for their hidden meaning. They have anti-carcinogenic properties and their use is very important to maintain a good healthy lifestyle. Americans are heavily ridden with obesity, heart diseases, diabetes, breast cancer, and many other diseases. Being an American East Indian pioneer with my East Indian wisdom of Ayurveda, my idea is to make these exotic recipes as healthy as possible by using these spices. I have also tried to capture and write the history and origin of these recipes. My basic point of view is that to make the food delicious, use fresh ingredients, herbs, and spices and do not try to overload them with various cheeses, creams, sugars, and lards to make them delicious. You are what you eat. Most of these foreign recipes have historical dimensions and origin. They have now shaped themselves gradually to suit the American palate and have become an integral part of American cuisine. We can make them equally delicious by wisely using healthful ingredients. In order to make these books interesting and enjoyable, they are written with easy step-by-step instructions. I am hopeful that these books, America's Favorite Recipes Part I, Part II, and Part III, will soon become your favorite coffee table books as well as your recipe books.

The America's Test Kitchen Cooking School Cookbook America's Test Kitchen, 2013-10-15. A landmark book from the test kitchen that has been teaching America how to cook for 20 years. We launched the America's Test Kitchen Cooking School two years ago to teach home cooks how to cook the test kitchen way and since then thousands of students have taken our interactive video-based online courses. The America's Test Kitchen Cooking School Cookbook shares the same goal as our online school and brings all our best practices along with 600 all-time favorite recipes into one place so that you can become a better, more confident cook. There is no better way to learn than seeing an expert in action, so we've included over 2,500 color photos that bring you into the test kitchen so you can see how to prepare recipes step by step. The book starts off with an exhaustive 46-page Cooking Basics chapter that covers everything from what equipment you need and how to care for it to test kitchen tricks for how to make food taste better. Then we move on to cover all the major cooking and baking categories from meat, poultry, and pasta to breads, cakes, and pies. Illustrated Core Techniques like how to whip egg whites, roast a chicken, or bake flawless pie dough focus on the building block recipes everyone should know. Recipe Tutorials that each feature 20-35 color photos then walk readers through recipes that are either more complicated or simply benefit from the visual clues of step photography like Extra Crunchy Fried Chicken, Sticky Buns with Pecans, and Deep Dish Apple Pie. Every

chapter ends with a library of the test kitchen's all time favorite recipes such as Pan Seared Steaks with Red Wine Pan Sauce Meatballs and Marinara Best Vegetarian Chili Memphis Style Barbecued Ribs and New York Style Cheesecake more than 600 in total that will allow home cooks to expand their repertoire The America's Test Kitchen Cooking School Cookbook is a how to cook book that also explains why recipes succeed or fail which makes it the ideal book for anyone looking to cook better
