Memorandum For Phase2 Of Tourism 2014:

World Heritage and tourism in a changing climate Markham, Adam, Osipova, Elena, Lafrenz Samuels, Kathryn, Caldas, Astrid, 2016-06-06. **Hospitality and Tourism 2015** Salamiah A. Jamal, Salleh Mohd Radzi, Norzuwana Sumarjan, C.T. Chik, Mohd Faez Saiful Bakhtiar, 2015-10-29. **Innovation and Best Practices in Hospitality and Tourism Research** contains 71 accepted papers from the Hospitality and Tourism Conference HTC 2015 Melaka Malaysia 2-3 November 2015. The book presents the up and coming paradigms and innovative practices within the hospitality and tourism industries and covers the following topics: **Mana Sport Tourism and Local Sustainable Development** Claude Sobry, Sorina Cernaianu, 2022-02-08. Sport tourism is now widely regarded as a tool for sustainable local development. This book brings together 24 authors from a range of countries to address this topic with analyses ranging from particular types of events to more theoretical approaches concerning the role of sport tourism in the development of Spanish cities or the digital communication of sporting events in Italy as a means of promotion. The book is geared towards academic researchers and students interested in sport tourism, sport economics, management and sustainable development as well as policymakers and professionals tasked with dynamic tools to promote their territory. *Journal of Multidisciplinary Academic Tourism* Bekir Bora Dedeoğlu, 2021-12-31. **The Gambia** International Monetary Fund. African Dept., 2015-04-22. **KEY ISSUES Background** The Gambian economy is facing urgent balance of payments needs triggered mostly by the impact of the regional Ebola outbreak on tourism. Although the country remains Ebola free, the regional outbreak is expected to cut by more than half tourism receipts for the 2014-15 season. During 2014-15 the impact of the shocks on the balance of payments, offset in part by lower global fuel prices, is estimated to be 40 million over 5 percent of 2015 GDP. Policy slippages and persistent financial difficulties in public enterprises have exacerbated the problems and pushed The Gambia's ECF arrangement off track. In their Letter of Intent, the authorities have notified the Fund of their decision to cancel the arrangement Request. The authorities are requesting support under the RCF in an amount of SDR 7 775 million or equivalent to 25 percent of quota to cope with the urgent balance of payments needs and a one year staff monitored program SMP to guide policy implementation before returning to a successor ECF arrangement provided policies remain on track. **Main policy commitments** The authorities have taken a number of upfront policy actions. The approved 2015 budget envisages lowering net domestic borrowing NDB to 1 percent of GDP in 2015 from 121.4 percent in 2014 anchored by a set of revenue and expenditure measures and complemented by some 22 million in external budget support. The authorities have taken steps to resolve the financial problems of key public enterprises and intend to take measures to secure their medium term fiscal consolidation and poverty reduction objectives. **Staff's view** Staff supports the authorities request. Staff views the package of measures articulated in the attached letter of intent as representing a considerable effort. The RCF disbursement would augment the authorities' own strong adjustment efforts, help catalyze additional donor financing and give the authorities the

time needed to develop their medium term adjustment plans The SMP will provide the Gambian authorities an opportunity to establish a track record before moving to a successor ECF to which they aspire A period of monitoring will also allow the time needed to assess the impact of the shocks fully and hence better tailor the objectives of a successor ECF arrangement
