That Kiss From Heaven Fell On My Heart C. Nicole Treadwell,2009-03-16 Nicole Treadwell has a secret If she reveals it she will surely die Of course she knows it s true because certain death is what he promised her after the incident in the deep woods years ago Her fate ever in his hands keeping the secret guts her on the inside as she struggles to make ends meet serving as a law clerk to a dangerously ambitious judge in the Nation s Capitol with secrets of her own

Nicole is tired exhausted toying with thoughts she's afraid to own of letting life go Her life is unraveling her sound mind frayed At the end of herself she knows she can't save herself but who can Worse does she want to be saved A swift reply to both questions comes in the way of a still small voice at an unlikely time that ushers her onto a path few dare to tread or openly discuss In contrast Nicole's former law school chum and classmate Timothy Grue is a hotshot private attorney who blazes notorious trails in and out of the courtroom Both handsome and brash owing to his kinship with privilege and social standing of a fine Philadelphia family he seems to have the world on a string every creature comfort easily within his reach including an overabundance of company from the fairer sex Despite his privilege and pedigree Tim later learns that it came at a very high price By a stroke of legal fortune or misfortune their paths collide professionally as Tim is handpicked to represent an A List Hollywood client in a lawsuit over which Nicole's boss is the presiding judge Not so secretly the judge relishes the prospect of having her fifteen seconds of fame before the world press Her staff knows that the attention from the paparazzi may prove to be her professional undoing and theirs Her job potentially on the line Nicole contacts Tim Grue for a clandestine meeting of the minds but will Tim take the bait and sign on to Nicole's harmless solution Their former friendship on course to self ignite or implode sets in motion a chain of events that blast open the door to Nicole's secret past and their bitter sweet history and where crises of identity spirituality and morality intersect conflicting issues of race and class deepen already murky waters as Nicole is black and Timothy is white Yet as between the two they want to know why race is still an issue at all On the road from hell to higher ground both learn that anything worth having is always tried by fires of a faith that asks simply what do you really believe And more can redemption ever come too late

Thematic Relations Mário A. Perini, 2019-10-23 This book presents a proposal to better define thematic relations by exploring the relation between language and cognition It analyzes the relation between grammatically defined roles such as agent and patient semantic roles and elaborate thematic relations ETRs actually accessible to language users It shows that many phenomena previously analyzed as grammatical can be described in a more simple and convenient way by postulating direct connection between syntactic complements and cognitive relations present in the schema evoked by the verb The volume focuses on a topic which has been the object of much discussion in the recent literature namely the definition and delimitation of semantic roles proposing new solutions to some important theoretical and practical problems in the description of the lexicogrammatical structure of languages and in particular of verb valency It shows that in many cases a direct relation can be established between morphosyntactic units and functions on one hand and ETRs on the other without the intermediation of grammatically defined semantic roles This makes it possible to analyze thematic relations that have been traditionally problematic such as the patient in a linguistically simple and cognitively well motivated way Thematic Relations A Study in the Grammar Cognition Interface will be a useful resource for practicing linguists working on the analysis of natural languages in particular on verb valency verb subcategorization and thematic structure semantic thematic roles their
