Combining current research in children's literature and Bourdieu's theory of cultural capital deepens the critical awareness of the status of Australian literature while illuminating a corpus of literature underrepresented by the pre-existing concentration on adaptations from other parts of the world. Of particular interest is how these adaptations merge Shakespearean worlds with the spaces inhabited by young people such as the classroom, the stage, the imagination and the gendered body. The readership of this book would be academics, researchers and students of children's literature studies and Shakespeare studies, particularly those interested in Shakespearean cultural theory, transnational adaptation and literary appropriation. High school educators and pre-service teachers would also find this book valuable as they look to broaden and strengthen their use of adaptations to engage students in Shakespeare studies. *Parenting for High Potential*, 2006 The Buried Man Stephen Coan, 2025-03-06

H Rider Haggard 1856-1925 author of *King Solomon's Mines* Allan Quatermain and She was no stranger to the continent where his bestsellers were set. He lived in southern Africa from 1875 to 1881, a period that witnessed Britain's attempted confederation of the sub-continent, the Anglo-Zulu War of 1879 and the final subjugation of its indigenous peoples. In this new biography, the South African aspect of Haggard's life is explored in hitherto unrecorded detail. The success of *King Solomon's Mines* saw him relinquish a legal career to write full-time; he also became a respected agricultural expert and social commentator, receiving a knighthood for his public service. Haggard wrote over seventy books, fiction and non-fiction. His African adventure stories feature strong black characters and the majority of his novels assertive female ones, not least *She*. Haggard's unwitting expression of the Victorian sub-conscious attracted the interest of both Freud and Jung. Haunted by a lost love, the tragic death of his only son and frequent bouts of depression, he endlessly probed the conundrums of life and death. Containing much new material, this biography explores Haggard's personal and public life to resurrect the writer whom Graham Greene, an admirer, called the buried man. *The Theatre of Education* Stéphanie Félicité comtesse de Genlis, 1787

Sing with the Heart of a Bear Kenneth Lincoln, 2023-09-01 Examining contemporary poetry by way of ethnicity and gender, Kenneth Lincoln tracks the Renaissance invention of the Wild Man and the recurrent Adamic myth of the lost Garden. He discusses the first anthology of American Indian verse, *The Path on the Rainbow* 1918, which opened Jorge Luis Borges' university surveys of American literature to thirty-five contemporary Indian poets who speak to with and against American mainstream bards. From Whitman's free verse through the Greenwich Village Renaissance, sandwiched between the world wars and the post-apocalyptic Beat incantations to transglobal questions of tribe and verse at the century's close, Lincoln shows where we mine the mother lode of New World voices, what distinguishes American verse, which tales our poets sing and what inflections we hear in the rhythms, pitches and parsings of native lines. Lincoln presents the Lakota concept of singing with the heart of a bear as poetry which moves through an artist. He argues for a fusion of estranged cultures, tribal and migratory, margin and mainstream, in detailing the ethnopoetics of Native American translation and the growing modernist concern for a native sense of the makings of American verse. This fascinating work represents a major

new effort in understanding American and Native American literature spirituality and culture Examining contemporary poetry by way of ethnicity and gender Kenneth Lincoln tracks the Renaissance invention of the Wild Man and the recurrent Adamic myth of the lost Garden He discusses the first anthology of American Indian verse *The Path on the* **Science & Theatre** Emma Weitkamp, Carla Almeida, 2022-08-11 Weitkamp and Almeida enter into the space where museums universities and research centres operate as well as the space of theatre practitioners they explore the richness and plurality of this universe combining theory and practice as well as presenting context knowledge gaps and new data *Motion Picture Herald*, 1926 **The Congressional Globe** United States. S. Smith, Times Books, 2014-10-13 First published in 2001 Routledge is an imprint of Taylor Francis an informa company *Outlaw Heroes as Liminal Figures of Film and Television* Rebecca A. Umland, 2016-04-20 Unlike such romanticized renegades as Robin Hood and Jesse James there is another kind of outlaw hero one who lives between the law and his own personal code In times of crisis when the law proves inadequate the liminal outlaw negotiates between the social imperatives of the community and his innate sense of right and wrong While society requires his services he necessarily remains apart from it in self preservation

The modern outlaw hero of film and television is rooted in the knight errant whose violent exploits are tempered by his solitude and devotion to a higher ideal. In Hollywood classics such as *Casablanca* 1942 and *Shane* 1953 and in early series like *The Lone Ranger* 1949 1957 and *Have Gun Will Travel* 1957 1963 the outlaw hero reconciles for audiences the conflicting impulses of individual freedom versus serving a larger cause. Urban westerns like the *Dirty Harry* and *Death Wish* franchises as well as iconic action figures like *Rambo* and *Batman* testify to his enduring popularity. This book examines the liminal hero's origins in medieval romance, his survival in the mythology of the Hollywood western and his incarnations in the urban western and modern action film.

The Shakespearean World Jill L. Levenson, Robert Ormsby, 2017-03-27 The *Shakespearean World* takes a global view of Shakespeare and his works especially their afterlives. Constantly changing the Shakespeare central to this volume has acquired an array of meanings over the past four centuries. Shakespeare signifies the historical person as well as the plays and verse attributed to him. It also signifies the attitudes towards both author and works determined by their receptions. Throughout the book specialists aim to situate Shakespeare's world and what the world is because of him. In adopting a global perspective the volume arranges thirty six chapters in five parts: Shakespeare on stage internationally since the late seventeenth century; Shakespeare on film throughout the world; Shakespeare in the arts beyond drama and performance; Shakespeare in everyday life; Shakespeare and critical practice. Through its coverage *The Shakespearean World* offers a comprehensive transhistorical and international view of the ways this Shakespeare has not only influenced but has also been influenced by diverse cultures during 400 years of performance, adaptation, criticism and citation. While each chapter is a freshly conceived introduction to a significant topic, all of the chapters move beyond the level of survey, suggesting new directions in Shakespeare studies such as ecology, tourism and new media, and making substantial contributions to the field. This volume is an essential resource for all those studying Shakespeare from beginners to advanced specialists.
