Barrett,2013-01-15 The Glock pistol is America s Gun It has been rhapsodized by hip hop artists and coveted by cops and crooks alike Created in 1982 by Gaston Glock the pistol arrived in America at a fortuitous time Law enforcement agencies had concluded that their agents and officers armed with standard six

round revolvers were getting outgunned by drug dealers with semi automatic pistols they needed a new gun With its lightweight plastic frame and large capacity spring action magazine the Glock was the gun of the future You could drop it underwater toss it from a helicopter or leave it out in the snow and it would still fire It was reliable accurate lightweight and cheaper to produce than Smith and Wesson s revolver Filled with corporate intrigue political maneuvering Hollywood glitz bloody shoot outs and an attempt on Gaston Glock s life by a former lieutenant Glock is not only the inside account of how Glock the company went about marketing its pistol to police agencies and later the public but also a compelling chronicle of the evolution of gun culture in America A Reference Guide for English Studies Michael J.
