Hetrick,2016-01-21 FROM THE 1 AMAZON BEST SELLING AUTHOR ON GoPro CAMERAS Specifically for the GoPro HERO SESSION this is the perfect guide book for anyone who wants to learn how to use a GoPro HERO Session camera to capture unique videos and photos Designed for an active lifestyle travelers snowboarders bikers hikers kayakers surfers skiers standup paddlers boaters and more will find valuable knowledge with the lessons in this book With more than 100 color images this book provides clear step by step lessons to get you out there using your GoPro HERO Session camera to document your life and your adventures This book covers everything you need to know about using your GoPro HERO 4 camera The book teaches you how to operate your camera how to choose your settings tips for the most useful GoPro mounts vital photography cinematography knowledge simple photo video and time lapse editing techniques and how to share your first edited video and photos Through the SEVEN STEPS laid out in this book you will understand your camera and learn how to use FREE software to finally do something with your results This book is perfect for beginners but also provides in depth knowledge that will be useful for intermediate camera users Written specifically for the GoPro HERO Session camera which was previously named the HERO4 Session **Narratives of Qualitative Research** Josh Tenenber,2024-05-21 Narratives of Qualitative Research uses a novel form of writing about how to do qualitative research called a praxis narrative Each narrative is told from the author s perspective in carrying out one of his past research studies in the social sciences Told chronologically and in a first person voice the narratives position the reader alongside the narrator so as to vicariously experience how research happens in its situated particulars Rather than a set of idealizations and universalized pronouncements the author reveals what really goes on when one is in the thick of complex and challenging research studies the points of trouble along with the successes This will be relevant to researchers who have already undertaken one or more empirical research studies though not necessarily using qualitative approaches and now find themselves facing something new a new analytic method a new theoretical lens a new form of data collection a new domain of research questions a new

rhetorical approach This requires letting go of the secure handholds of prescribed methods and responding to the contingencies that arise in the midst of the research The reader is invited to follow along as the author makes visible his praxis of qualitative research Unlike more conventional texts in this unique alternative the reader can follow the author's journey through his research studies as a way to reorient their conception of qualitative research and their own praxis of it This is fascinating reading for qualitative researchers and students taking qualitative research courses across the social sciences education and behavioural sciences
