**The Performance Complex** David Stark,2020-07-10 What s valuable Market competition provides one kind of answer Competitions offer another On one side competition is an ongoing and seemingly endless process of pricings on the other competitions are discrete and bounded in time and location with entry rules judges scores and prizes This book examines what happens when ever more activities in domains of everyday life are evaluated and experienced in terms of performance metrics Unlike organized competitions such systems are ceaseless and without formal entry Instead of producing resolutions their scorings create addictions To understand these developments this book explores discrete contests architectural competitions international music competitions and world press photo competitions shows how the continuous updating of rankings is both a device for navigating the social world and an engine of anxiety and examines the production of such anxiety in settings ranging from the pedagogy of performance in business schools to struggling musicians coping with new performance metrics in online platforms In the performance society networks of observation in which all are performing and keeping score are entangled with a system of emotionally charged preoccupations with one s positioning within the rankings From the bedroom to the boardroom pharmaceutical companies and management consultants promise enhanced performance This assemblage of metrics networks and their attendant emotional pathologies is herein regarded as the performance complex

**"One Rotten Apple Spoils the Whole Barrel": The Plant Hormone Ethylene, the Small Molecule and its Complexity** Domenico De Martinis,Tomotsugu Koyama,Caren Chang,2015-08-14 The gaseous molecule ethylene  $C_2H_4$  which is small in size and simple in structure is a plant hormone most often associated with fruit ripening yet has a diversity of effects throughout the plant life cycle While its agricultural effects were known even in ancient

Egypt the complexity of its mode of action and the broad spectrum of its effects and potential uses in plant physiology remain important scientific challenges today In the last few decades the biochemical pathway of ethylene production has been uncovered ethylene perception and signaling have been molecularly dissected ethylene responsive transcription factors have been identified and numerous effects of ethylene have been described ranging from water stress development senescence reproduction plant pathogen interactions and of course ripening Thus ethylene is involved in plant development in biotic and abiotic stress and in reproduction There is no stage in plant life that is not affected by ethylene modulated by a complex and fascinating molecular machinery

**Outclassed** Joan C. Williams, 2025-05-20 An eye opening urgent call to mend the broken relationship between college and non college grads of all races that is driving politics to the far right in the US Is there a single change that could simultaneously protect democracy spur progress on climate change enact sane gun policies and improve our response to the next pandemic Yes changing the class dynamics driving American politics The far right manipulates class anger to undercut progressive goals and liberals often inadvertently play into their hands In Outclassed Joan C Williams explains how to reverse that process by bridging the diploma divide while maintaining core progressive values She offers college educated Americans insights into how their values reflect their lives and their lives reflect their privilege With illuminating stories from the Portuguese admiral who led that country s COVID response to the lawyer who led the ACLU s gay marriage response and more Williams demonstrates how working class values reflect working class lives Then she explains how the far right connects culturally with the working class deftly manipulating racism and masculine anxieties to deflect attention from the ways far right policies produce the economic conditions disadvantaging the working class Whether you are a concerned citizen committed to saving democracy or a politician or social justice warrior in need of messaging advice Outclassed offers concrete guidance on how liberals can forge a multi racial cross class coalition capable of delivering on progressive goals

**Cumulated Index Medicus** ,1968

**Teaching Common Sense** Linda Kulman, Henry Kissinger, 2016-06-07 How is critical thinking taught How will the next generation cope with an ever changing and increasingly complex world These are questions that the Grand Strategy program at Yale seeks to address The Brady Johnson Program in Grand Strategy seeks to revive the study and practice of grand strategy by devising methods to teach that subject at the graduate and undergraduate levels by training future leaders to think about and implement grand strategies in imaginative and effective ways and by organizing public events that emphasize the importance of grand strategy The program defines grand strategy as a comprehensive plan of action based on the calculated relationship of means to large ends Never an exact science grand strategy requires constant reassessment and adjustment Flexibility is key Traditionally believed to belong to and best developed in the politico military and governmental realms the concept of grand strategy applies and ISS believes is essential to a broad spectrum of human activities not least those of international institutions non governmental organizations and private businesses and corporations For fifteen years the Grand Strategy program has been

cultivating leadership skills of undergraduates and graduate students of Yale University In Linda Kulman's compelling book we learn about this remarkable program from the inside sharing the stress of the murder boards the revelation of applying the classics to current geopolitical situations and the crucial importance of fast decision making under duress Teaching Common Sense weaves together on site reporting archival research and original survey data into an intellectual history of the Grand Strategy program

**The Social Impact of Advertising** Tony Kelso, 2018-09-14 Composed with a touch of the panache of a former advertising copywriter Kelso challenges readers to reflect on the social impact of advertising from multiple angles The book uniquely combines personal anecdotes with a penetrating look at some of the most critical perspectives toward the field advanced by media scholars A play on David Ogilvy's legendary Confessions of an Advertising Man the text disrupts the creative guru's account with a highly accessible critique of advertising suitable for classes in disciplines as various as cultural studies marketing media studies political science and sociology The book reflects the latest industry trends especially the migration from legacy to social media vehicles like Instagram and Snapchat Topics covered include a brief history of modern advertising in the United States advertising's influence on the so called non advertising content of the media the ideological themes advertising inadvertently delivers how advertising can privilege or marginalize various social constructions of identity the controversial practice of targeting children and how corporations often use advertising to superficially present a positive face while masking their profoundly darker sides Incorporating a media literacy approach Kelso also offers an insider's overview of the typical procedures advertising agencies take in strategizing conceptualizing and delivering campaigns

**Masculinities in Contemporary American Culture** Thomas Keith, 2017-01-12 Masculinities in Contemporary American Culture offers readers a multidisciplinary intersectional overview of masculinity studies that includes both theoretical and applied lenses Keith combines current research with historical perspectives to demonstrate the contexts in which masculine identities have come evolved With an emphasis on popular culture particularly film TV video games and music this text invites students to examine their gendered sensibilities and discuss the ways in which different forms of media appeal to toxic masculinity
