

Treatment of Stage I-III Periodontitis

The EFP S3 Level Clinical Practice Guideline

Where does the need for this Guideline come from?

- Implementation of the new classification of periodontitis should facilitate the use of appropriate preventive and therapeutic interventions, depending on the stage and grade of the disease. The application of this S3 Level Clinical Practice Guideline will allow clinicians to use evidence-based approaches in the management of stage I-III periodontitis.

What do patients need to know?

- An essential prerequisite to therapy is to inform the patient of the diagnosis, including causes of the condition, risk factors, treatment alternatives and expected risks and benefits including in particular regarding consequences of reduced treatment.
- This discussion should be followed by agreement on a personalised care plan.
- The plan might need to be modified during the treatment journey, depending on patient preferences, clinical findings and changes in overall health.

How does everyone share responsibility?

Best case: Recommendations in form of a personal strategy of treatment or specific procedures.

Orange case: Open recommendations include the clinician responsible for the final choice of a personal strategy of treatment or specific procedures based on specific patient characteristics.

Uncertain recommendations for whom clarification further research is needed.

Red case: Recommendations against a personal strategy of treatment or specific procedures.

The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a brilliant and thrilling novel that will keep you guessing until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
