Hess Enigma A Novel:

Hess Enigma Tor Raven, 2014-12-13 Rudolf Hess Hitler's deputy and right hand man flew to Scotland on a mysterious peace mission in 1941 which has never been convincingly explained to meet unidentified politicians who wanted to end the war. The truth has been covered up for generations because to reveal it would somehow undermine the honour and constitutional fabric of the United Kingdom. Who was plotting against Churchill? What were the peace terms on offer? What happened to Hess? Was he killed in the War? Was he the prisoner in Spandau? A double? There are many questions to which in the modern day one man, Saul Benedict, has all the answers because his parents were players in the drama involving Churchill, Hitler, leading politicians, and an important Royal. Saul is an author and declares his intention to write a book to reveal all, but he is shot dead, apparently accidentally, by a poacher. But was it an accident? Rick Coleman, an investigative journalist, determines to find out, and in doing so to uncover the mystery. Taking place in the modern day but with flashback chapters which gradually unfold the hidden secrets, the novel is a fast moving and compelling read based on the family knowledge of the author whose parents had connections to both Hess and Hitler and to British Intelligence. **The Enigma Affair** Charlie Lovett, 2022-09-06 In this propulsive historical thriller from the New York Times bestselling author of *Escaping Dreamland*, a librarian and a professional assassin team up to solve a seventy-five year old Nazi mystery and stop a nefarious opponent from wreaking havoc on the world. When small town librarian Patton Harcourt comes under fire one morning while making profiteroles, she has no choice but to trust the mysterious assassin Nemo who shows up in her kitchen. Fleeing a pair of German thugs, the two form an unlikely alliance as they try to decipher a seventy-five year old message encoded by Nazis on an Enigma machine. Traveling to Bletchley Park in England, they enlist the aid of Patton's old flame Ruthie Drinkwater, an expert on Enigma. The trio soon finds themselves on the run, pursued by both the police and Ingrid Weiss, a white supremacist trying to unlock the secret of Heinrich Himmler's research into alchemy. If Patton, Nemo, and their cohorts can survive a host of dangers from trained killers to explosions to imprisonment, they might be able to prevent Weiss from acquiring untold wealth to promote her racist agenda. In this fast-paced thriller with a thoroughly researched World War II background, a mismatched cadre of heroes including an art historian, a museum docent, and a collector of Nazi artifacts must work together to stop a ruthless and resourceful opponent. Racing across Europe, attempting to outfox Weiss and her associates at every turn, Patton and her team mount a complex operation. But can they withstand double crosses and dark secrets from Patton's military past to defeat Ingrid Weiss and discover the secret of Projekt Alchemie?
