that I could relax and believe her when the staffs all came one by one to greet me normally and welcome me to the company with smiles and pats on the back The management divulged that I was actually the first intern to be accepted for training by the company Also I gathered from Jane that Glenco does not have the culture of accepting interns and has always accepted only experienced and capable hands to work for the company Well maybe it was something about you that had made old Glen to have a change of heart Jane said Her calming voice smile and approach relieved me from the initial trepidation I could only smile and shrug in return Well I ll try not to disappoint all of you then if that is the case I said Aww Come on there s no need worrying yourself too much about that You are new and it is normal to feel the way you do especially when you are being placed on watch as a new worker Jane said I can assure you that you have not come to the wrong place You will soon see why Glenco despite not being a large corporation is quite popular in this area Again do not mind the staffs and their expensive jokes they always mean well most of the time except when they are being naughty She further encouraged me She laughed when she notice my reaction to her last statement but Jane immediately told me that she was only pulling my legs But I really love the way you react whenever you are being taunted eering As the days turn to weeks and weeks into months I became more attached to Jane I found myself becoming obsessed with her
