Introduction to Teaching Gene E. Hall, Linda F. Quinn, Donna M. Gollnick, 2019-01-02 An ideal introductory text for aspiring teachers Introduction to Teaching Making a Difference in Student Learning is grounded in the realities and complexities found in today's schools Acclaimed authors Gene E Hall Linda F Quinn and Donna M Gollnick thoroughly prepare students to make a difference as teachers presenting firsthand stories and evidence based practices while offering a student centered approach to learning The authors focus on how to address one of the biggest challenges facing many of today's schools ensuring that all students are learning and help teachers prioritize student learning as their primary focus From true to life challenges that future teachers will face such as high stakes testing reduced funding low retention and Common Core State Standards to the inspiration and joy they will experience throughout their teaching careers the Third Edition paints an importantly authentic picture of the real life of a teacher This title is accompanied by a complete teaching and learning package

American Oligarchy Ron Formisano, 2017-09-27 A permanent political class has emerged on a scale unprecedented in our nation's history Its self dealing nepotism and corruption contribute to rising inequality Its reach extends from the governing elite throughout nongovernmental institutions Aside from constituting an oligarchy of prestige and power it enables the creation of an aristocracy of massive inherited wealth that is accumulating immense political power In a muckraking tour de force reminiscent of Lincoln Steffens Upton Sinclair and C Wright Mills American Oligarchy demonstrates the way the corrupt culture of the permanent political class extends down to the state and local level Ron Formisano breaks down the ways this class creates economic inequality and how its own endemic corruption infects our entire society Formisano delves into the work of not just politicians but lobbyists consultants appointed bureaucrats pollsters celebrity journalists behind the scenes billionaires and others Their shameless pursuit of wealth and self aggrandizement often at taxpayer expense rewards channeling the flow of income and wealth to elites That inequality in turn has choked off social mobility and made a joke of meritocracy As Formisano shows these forces respond to the oligarchy's power and compete to bask in the presence of the 01 percent They also exacerbate the dangerous instability of an American democracy divided between extreme wealth and extreme poverty
