Nab Financial Report 2008:

FCC Record United States. Federal Communications Commission, 2017 *Masters of the Universe, Slaves of the Market* Stephen Bell, Andrew Hindmoor, 2015-03-09 Stephen Bell and Andrew Hindmoor compare banking systems in the U S and UK to those of Canada and Australia and explain why the system imploded in the former but not the latter Canadian and Australian banks were able to make profits through traditional lending practices unlike their competition driven risk taking U S and UK counterparts

The Key Code and Advanced Handbook for the Governance and Supervision of Banks in Australia Francesco de Zwart, 2021-10-12 This Key Code and Handbook examines the corporate governance and accountability of Major Banks their directors and executives which were the central focus of bank Supervisor Regulator and governmental activity and public scrutiny in 2018 and 2019 This book explores this responsibility focus by providing evidence from the Global Financial Crisis and beyond with both APRA and ASIC investigating illegal conduct misconduct and conduct which was below the level of community expectations This book discusses how the Royal Commission into misconduct in the banking and financial services industry has already given rise to a detailed Final Report whose recommendations are still being put into effect Further this book uses evidence provided by the large number of Prudential Standards issued by APRA and investigations into the conduct of Major Banks by Regulators This book explores governance variables over 1 700 in number and grouped into 159 key groupings or separate categories which are all indexed to 28 governmental regulatory and supervisory reports and documents to create a governance code and commentary specifically tailored to Australian banks Each governance variable is modelled on the Stage 1 Relational Approach contained in Enhancing Firm Sustainability Through Governance Given the huge interest in the governance of banks Parts 1 and 2 explaining the Relational Approach of Stage 1 were recently published in November 2018 and June 2019 in the Australian Journal of Corporate Law This book is the largest reference book and handbook in publication worldwide containing the structures mechanisms processes and protocols the checks and balances we call governance variables that deeply addresses and explains banking accountability and regulation in Australia

Hard Choices Jerry Buckland, 2012-03-30 When low income city dwellers lack access to mainstream banking services many end up turning to fringe banks such as cheque cashers and pawnshops for some or all of their financial transactions This predicament of financial exclusion faced by those underserved by conventional financial institutions is comprehensively examined in Jerry Buckland s powerful study *Hard Choices* The first account of the nature and causes of financial exclusion in Canada *Hard Choices* thoroughly integrates economic and social data on consumer choice bank behaviour and government policy Buckland demonstrates why the current two tier system of banking is becoming increasingly dysfunctional especially in the context of new credit products that aggravate income inequality and stifle local economic growth Featuring a foreword by esteemed economics scholar John P Caskey *Hard Choices* presents pragmatic policy improvements on both the public and private levels that can promote and build financial inclusion for all

Integrity, Risk and Accountability in Capital Markets Justin O'Brien, George Gilligan, 2014-07-18 The global economy is yet to recover from the aftershocks of the Global Financial Crisis GFC In particular many national economies are struggling to adjust to austerity programs that are a direct result of the toxic effects of the crisis Governments regulatory agencies international organisations media commentators finance industry organisations and professionals academics and affected citizens have offered partial explanations for what has occurred Some of these actors have sought to introduce legislative and other regulatory initiatives to improve operational standards in capital markets However the exposure post GFC of the scandal surrounding the manipulation over many years of the London Interbank Offered Rate LIBOR highlighted that the most important obstacles to counter the destructive potential of our global finance system are normative not technical Regulating the culture of the finance sector is one of the greatest challenges facing contemporary society This edited volume brings together leading professionals regulators and academics with knowledge of how cultural forces shape integrity risk and accountability in capital markets The book will be of benefit not only to industry regulatory and academic communities whose focus is upon financial markets and professionals It is of value to any person or organisation interested in how the cultural underpinnings of the finance sector shape how capital markets actually operate and are regulated It is a stark lesson of history that financial crises will occur As national economies become ever more inter connected and inter dependent under conditions of global financial capitalism it becomes ever more important to know how cultural and other normative forces might be adjusted to militate against the effects of future disasters
