**Flying Magazine** ,1962-02 **Narrating Narcos** Gabriela Polit Dueñas,2013-10-18 Narrating Narcos presents a probing examination of the prominent role of narcotics trafficking in contemporary Latin American cultural production In her study Gabriela Polit Due as juxtaposes two infamous narco regions Culiacan Mexico and Medellin Colombia to demonstrate the powerful forces of violence corruption and avarice and their influence over locally based cultural texts Polit Due as provides a theoretical basis for her methods citing the work of Walter Benjamin Pierre Bourdieu and other cultural analysts She supplements this with extensive ethnographic fieldwork interviewing artists and writers their confidants relatives and others and documents their responses to the portrayal of narco culture Polit Due as offers close readings of the characters language and milieu of popular works of literature and the visual arts and relates their ethical and thematic undercurrents to real life experiences In both regions there are few individuals who have not been personally affected by the narcotics trade Each region has witnessed corrupt state police and paramilitary actors in league with drug capos Both have a legacy of murder Polit Due as documents how narco culture developed at

different times historically in the two regions In Mexico drugs have been cultivated and trafficked for over a century while in Colombia the cocaine trade is a relatively recent development In Culiacan characters in narco narratives are often modeled after the serrano highlander a romanticized historic figure and sometime thief who nobly defied a corrupt state and its laws In Medellin the oft portrayed sicario assassin is a recent creation an individual recruited by drug lords from poverty stricken shantytowns who would have little economic opportunity otherwise As Polit Due as shows each character occupies a different place in the psyche of the local populace Narrating Narcos offers a unique melding of archival and ground level research combined with textual analysis Here the relationship of writer subject and audience becomes clearly evident and our understanding of the cultural bonds of Latin American drug trafficking is greatly enhanced As such this book will be an important resource for students and scholars of Latin American literature history culture and contemporary issues

**Escobar and Colombian Narcoculture** Aldona Bialowas Pobutsky,2025-02-18 How the legacy of Pablo Escobar inspired the development of narcoculture in Colombia and around the world In the years since his death in 1993 Colombian drug lord Pablo Escobar has become a globally recognized symbol of crime wealth power and masculinity In this long overdue exploration of Escobar s impact on popular culture Aldona Bialowas Pobutsky shows how his legacy inspired the development of narcoculture television music literature and fashion representing the drug trafficking lifestyle in Colombia and around the world Pobutsky looks at the ways the Escobar brand surfaces in bars restaurants and clothing lines in Colombia s tourist industry and in telenovelas documentaries and narco memoirs about his life which in turn have generated popular interest in other drug traffickers such as Griselda Blanco and Miami s cocaine cowboys Pobutsky illustrates how the Colombian state strives to erase his memory while Escobar s notoriety only continues to increase in popular culture through the transnational media She argues that the image of Escobar is inextricably linked to Colombia s internal tensions in the areas of cocaine politics gender relations class divisions and political corruption and that his brand perpetuates the country s reputation as a center of organized crime to the dismay of the Colombian people This book is a fascinating study of how the world perceives Colombia and how Colombia s citizens understand their nation s past and present A volume in the series Reframing Media Technology and Culture in Latin o America edited by Hector Fernandez L Hoeste and Juan Carlos Rodriguez **Customs**
