Three special features are: daily ten-minute writing sessions to improve style and correctness; preparing students for the SAT 20-minute essay; and a problem-centered grammar program designed to be applied to writing. This book contains specific recommendations for teaching almost every aspect of secondary English. *Using Informational Text to Teach The Great Gatsby*: Audrey Fisch, Susan Chenelle, 2018-03-22. The Common Core State Standards initiated major changes for language arts teachers, particularly the emphasis on informational text. Language arts teachers were asked to shift attention toward informational texts without taking away from the teaching of literature. Teachers, however, need to incorporate nonfiction in ways that enhance rather than take away from their teaching of literature. The *Using Informational Text* series is designed to help. In this fourth volume, Volume 1: *Using Informational Text to Teach To Kill a Mockingbird*; Volume 2: *Using Informational Text to Teach A Raisin in the Sun*; Volume 3: *Connecting Across Disciplines: Collaborating with Informational Text*, we offer challenging and engaging readings to enhance your teaching of *Gatsby*. Texts from a wide range of genres: a TED Talk, federal legislation, economic policy material, newspaper articles, and 1920s political writing, and on a variety of topics: income inequality, nativism, and immigration; anti-Semitism; the relationship between wealth and cheating; the Black Sox scandal; and newspaper coverage and prohibition. Help students answer essential questions about F. Scott Fitzgerald's novel. Each informational text is part of a student-friendly unit with media links, reading strategies, vocabulary, discussion, and writing activities, and out-of-the-box class activities. *Teaching Literature to Adolescents*: Richard Beach, Deborah Appleman, Bob Fecho, Rob Simon, 2016-03-10. This popular textbook introduces prospective and practicing English teachers to current methods of teaching literature in middle and high school classrooms. It underscores the value of providing students with a range of different critical approaches and tools for interpreting texts and the need to organize literature instruction around topics and issues of interest to them. Throughout the textbook, readers are encouraged to raise and explore inquiry-based questions in response to authentic dilemmas and issues they face in the critical literature classroom. New in this edition: the

text shows how these approaches to fostering responses to literature also work as rich tools to address the Common Core English Language Arts Standards Each chapter is organized around specific questions that English educators often hear in working with pre service teachers Suggested pedagogical methods are modelled by inviting readers to interact with the book through critical inquiry methods for responding to texts Readers are engaged in considering authentic dilemmas and issues facing literature teachers through inquiry based responses to authentic case narratives A Companion Website <http://teachingliterature.pbworks.com> provides resources and enrichment activities inviting teachers to consider important issues in the context of their current or future classrooms
