been confronted with one of these statements because you're with someone younger. You are about to embark on a journey that will change your mind about May-December relationships. So many times in life people make judgments about one another based solely upon the traditions of the sect of society in which they were raised. More times than not their judgments are wrong simply because they've chosen to base them on incomplete information. Once they have all the pertinent information concerning that subject, their perception changes drastically. Changing people's perceptions is precisely why we wrote this book. Our hope is that once people read this book about our lives, they will see that love truly does conquer all. Society says it's OK for a much older man to date a much younger woman. Yet when it comes to a much older woman dating a much younger man, the double standard is revealed. Love truly transcends all of our societal misinformation. Love does not look at age, appearances, wealth, health, or any of the other ridiculous limitations that humans have put on relationships. Love knows no boundaries. It's not limited by our finite thinking. Love is the pure essence of two souls merging to become one. This is our story of two souls becoming one.

Is it Socially Acceptable for an Older Woman to be in a Relationship With a Younger Man? TJ Clemons, There are so many older men with young girls out there. This has been socially accepted for a long time. Mature women with younger men need the world to know that these type of relationships exist and flourish for many years. Even though some people look at a younger man with an older woman in couples like it's a crime or it is in some way offensive, anybody over the legal age of 18 has the right to be with any person that they have romantic feelings for. Society often discriminates against these unconventional unions. People seem to be judgmental and label the female companion in the relationship as a Sugar Mama. Beauty and attraction is determined by the individuals that choose to enter into a romantic engagement. But still today there is a double standard. Older men are encouraged to trade in their aging brides for a trophy younger and beautiful female companionship. It is so common in privileged and wealthy circles that nobody really notices or points out a discrepancy. Mature women are expected to focus on their grand children and hobbies rather than their sexual needs and desires. After the age of 60 they are considered dried up and out to pasture. But based on the individual it may be time to explore one's sexual fantasies after years of domestic duties and responsibilities. And they may consider exploring their options with a young virile male counterpart without the pressure of getting pregnant or having to play the role of a nurturer. Those facts alone create the perfect storm of eroticism and sexual exploration. It is now time to get your groove back. Now that you are no longer with your significant other due to divorce, separation, or in some cases death. But that can often be more difficult than it has to be based on how you are going to be viewed in the public's eyes. Now let us examine this topic from various points of perception. Myself personally, I am attracted to younger and older women. My only turnoff when it comes to getting involved with a more mature woman is if I view her as a grandmother type. Meaning if she only talks about her grandkids and can't separate her love life from her family life. Seeing her as only a granny just doesn't inspire sensual thoughts and feelings. There is nothing wrong with being a mother or a grandmother, but from a relationship

point of vision I want to be with someone who has a young spirit When it is time for family events and interactions that is a more appropriate the time and place to be a granny There is nothing like a mature sexy woman who has her confidence and the sexual energy of a prowling cougar ready to purr and pounce at a moments notice Every man has an attraction to at least one older woman that he would entertain and enjoy sexually if given the chance With all this being said let us begin our journey into the universe of cougars and their playful cubs Is it love or financial dependence Is it any of our business at all Of course it is If you come outside in America expect for all eyes to be on you at all times That is just how it is so continue to live your life with that understanding and expectation
