**Real Americans** Jared A. Goldstein,2022-02-05 On January 6 2021 white supremacists Christian nationalists and other supporters of President Donald Trump stormed the US Capitol in an attempt to overturn the results of the 2020 presidential election The insurrection was widely denounced as an attack on the Constitution and the subsequent impeachment trial was framed as a defense of constitutional government What received little attention is that the January 6 insurrectionists themselves justified the violence they perpetrated as a defense of the Constitution after battling the Capitol police and breaking doors and windows the mob marched inside chanting Defend your liberty defend the Constitution In Real Americans National Identity Violence and the Constitution Jared A Goldstein boldly challenges the conventional wisdom that a shared devotion to the Constitution is the essence of what it means to be American In his careful analysis of US history Goldstein demonstrates the well established pattern of movements devoted to defending the power of dominant racial ethnic and religious groups that deploy the rhetoric of constitutional devotion to express their national visions and justify their violence Goldstein describes this as constitutional nationalism an ideology that defines being an American as standing with and by the Constitution This history includes the Ku Klux Klan s self declared mission to protect and defend the Constitution of the United States which served to justify its campaign of violence in the 1860s and 1870s to prevent Black people from exercising the right to vote Protestant Americans who felt threatened by the growing population of Catholics and Jews and organized mass movements to defend their status and power by declaring that the Constitution was made for a Protestant nation native born Americans who resisted the rising population of immigrants and who mobilized to exclude the newcomers and their alien ideas corporate leaders arguing that regulation is unconstitutional and un American and Timothy McVeigh who believed he was defending

the Constitution by killing 168 people with a truck bomb Real Americans National Identity Violence and the Constitution reveals how the Constitution as the central embodiment and common ground of American identity has long been used to promote conflicting versions of American identity and to justify hatred violence and exclusion The Tea Party Guide to Being a Real American Roland Boyle,2011-11-01 a parody Spiraling debt Unemployment Regulations Bailouts Gun control The End of Times America is in desperate need of a good teabagging And whether you re an angry conservatice patriot or a godless wussy liberal dirty pooppy socialist The Tea Party Guide to Being a Real American will give you the balls to do it This book has the answers Answers to questions like Why did Jesus write the Constitution This secret knowledge was given by God to the author Roland Boyle as he traveled America from rally to gun show holding prayer meetings in public buildings and drinking heavily So you know it s all true especially the SEX chapter But don t take this book s word for it Listen to what other Real Americans aren t saying This book is damp from me squirting hot patriotic tears of joy and possibly rage all over it Glenn Beck I d like to shoot this book in the face Dick Cheney This is a book which is made of paper and has information in it also Sarah Palin Be a Real American Buy this book **An Inconvenient Book** Glenn Beck,2007-11-20 Glenn Beck the New York Times bestselling author of The Great Reset tackles some of our country s biggest problems in this funny outrageous and entertaining book Glenn Beck believes that the reason why some of our biggest problems never seem to get fixed is simple the solutions just aren t very convenient And as the host of a nationally syndicated radio show and a prime time television show on CNN Headline News Glenn Beck doesn t care much about convenience he cares about common sense Take the issue of poverty for example Over the last forty years America s poorest cities all had one simple thing in common but politicians will never reveal what that is or explain how easy it would be to change Global warming is another issue that s rife with lies and distortion How many times have we heard that carbon dioxide is responsible for huge natural disasters that have killed millions of people The truth is it s actually the other way around as CO2 has increased deaths from extreme weather have decreased But that would never be shown in an Al Gore slide show Combining honesty with a biting sense of humor An Inconvenient Book contains hundreds of these why have I never heard that before types of facts that will leave readers wondering how political correctness special interests and outright stupidity have gotten us so far away from the common sense solutions this country was built on *Just Peace Theory Book One* Valerie Elverton Dixon,2012-11 In these essays I often refer to social contracts such as the Declaration of Independence the Constitution of the United States the Universal Declaration of Human Rights and other international conventions that describe a vision of just human relations especially in the area of culture and health care We do not live behind a veil of ignorance where we enter into contemplation of questions of right and wrong without an awareness of our own particularities Moreover we do not always determine what is right based on reason But we do make decisions every day about how we will live within the social contracts that govern our lives Many of us go along to get along with a let s not rock the boat preserve the status quocaution Then there are those

of us who use the documents of our social contracts to secure more justice and more peace The purpose is to rock the boat and to disrupt the status quo when it is unjust I understand Christ as a title not as a person It is a designation of an anointing This in my opinion is the anointing of radical love Christ is the human incarnation of divine love We each ought to strive to become this whether or not we are Christian whether or not we are even believers Those of us who are Christians believe that Jesus paid it all There is no more need for blood shed sacrifice Murder is never holy God does not need it or want it Our work now is to become living sacrifices that will redeem this world through justice and peace That is the meaning of these essays From the Introduction      *The Social History of the American Family* Marilyn J.
