Teaching Global History Alan J. Singer, 2012-04-27 Teaching Global History challenges prospective and beginning social studies teachers to formulate their own views about what is important to know in global history and why It explains how to organize the curriculum around broad social studies concepts and themes and student questions about humanity history and the contemporary world All chapters include lesson ideas a sample lesson plan with activity sheets primary source documents and helpful charts graphs photographs and maps High school students responses are woven in throughout Additional material corresponding to each chapter is posted online at http://people.hofstra.edu/alan_j_singer The traditional curriculum tends to highlight the Western heritage and to race through epochs and regions leaving little time for an in depth exploration of concepts and historical themes for the evaluation of primary and secondary sources and for students to draw their own historical conclusions Offering an alternative to such pre packaged textbook outlines and materials this text is a powerful resource for promoting thoughtful reflection and debate about what the global history curriculum should be and how to teach it

Appendix to Journals of Senate and Assembly ... of the Legislature Nevada. Legislature, 1923 *New York State Education*, 1928 Social Studies for Secondary Schools Alan J. Singer, 2003-04-02 Social Studies for Secondary Schools Teaching to Learn Learning to Teach Second Edition integrates discussions of educational goals and the nature of history and social studies with practical ideas for organizing social studies

curricula units lessons projects and activities A major theme woven throughout the text is that what we choose to teach and the way we teach reflect our broader understanding of society history and the purposes of social studies education Each chapter opens with a broad question about social studies education provides many examples of lessons including lesson ideas developed by new and experienced middle school and high school social studies teachers features a rich variety of teaching learning and classroom activities designed to provoke discussion and illustrate different approaches to teaching social studies and concludes with essays about related social studies topics Part I focuses on philosophical issues social studies goals and standards and the design of social studies curricula Part II examines and offers examples of strategies for planning units and lessons Part III explores topics such as thematic and interdisciplinary teaching a project approach to social studies as well as assesses student learning and one's own performance as a teacher and provides a guide to social studies resource materials and organizations New in the Second Edition Every chapter has been updated and includes a number of new lesson ideas The lesson ideas are designed especially to help beginning teachers address learning standards work in inclusive settings and promote literacy and the use of technology in social studies classrooms Sample activities developed with members of the Hofstra New Teachers Network reflect the current focus on document based instruction and assessment and can serve as tools for assessing student learning Increased attention is given to project based social studies instruction and to multicultural education Intended as a text for undergraduate and graduate preservice social studies methods courses this text is also useful for in service training programs as a reference for new social studies teachers and as a resource for experienced social studies educators who are engaged in rethinking their teaching practice

Measuring History S. G. Grant,2009-03-01 Measuring History complements the cases presented in Wise Social Studies Practices Yeager Davis 2005 Yeager and Davis highlight the rich and ambitious teaching that can occur in the broad context of state level testing In this book the chapter authors and I bring the particular state history tests more to the fore and examine how teachers are responding to them At the heart of Measuring History are cases of classroom teachers in seven states Florida Kentucky Michigan New York Texas Mississippi and Virginia where new social studies standards and new and generally high stakes state level history tests are prominent In these chapters the authors describe and analyze the state's testing efforts and how those efforts are being interpreted in the context of classroom practice The results both support and challenge prevailing views on the efficacy of testing as a vehicle for educational reform Catherine Horn University of Houston and I lay the groundwork for the case studies through a set of introductory chapters that examine the current environment the research literature and the technical qualities of history tests
