[The Humility Imperative](#) Dave Balter,2020-06-26 The Humility Imperative begs the question can one be confident and have humility at the same time In order to explore that this

book emphasizes the very personal nature of leadership It delivers authentic raw evidence that building anything requires constant attentiveness to interpersonal dynamics The Humility Imperative follows entrepreneur and investor Dave Balter s journey from the sale of his fourth startup BzzAgent through the launch of three additional startups Smarterer Mylestone and Flipside Crypto as well as his time as both a corporate executive and as a partner in a venture capital fund The experiences highlight the fact that while humility may be intended in one s heart it only becomes genuine if it is reflected through the thoughts of others The lessons are a reminder that every interaction both professional and personal is the lens by which your own intentions become clear Humility is an imperative And it lives in the eye of the beholder **Releasing God's**
