Gupta,2023-05-20 The council for the Indian School Certificate Examination New Delhi has thoroughly revised the syllabus of Business Studies for ISC Class XII The new syllabus is in line with the changing business environment in India characterised by start up entrepreneurship digitalisation cashless payment mechanism online business etc Both the students and the teachers feel an acute need for a high quality textbook as per the new syllabus This book is designed and written to meet this need According to the council for the Indian School Certificate Examinations the aims of teaching Business Studies at the XII standard are as follows 1 To enable candidates to understand the modern business environment and to create awareness about various entrepreneurial opportunities 2 To awaken a spirit of enterprise amongst candidates 3 To provide an insight into the recent trends in business 4 To acquaint candidates with the various aspects of Human Resource Management 5 To provide knowledge and understanding of communication in modern business 6 To identify the various sources of business finance and the role of regulators and intermediaries I am sure the book would fulfill all these aims The book fully meets the requirements of the new syllabus Some of the unique features of the book are given below Simple and easy to understand language Chapter outline to give a bird s eye view of the topics described in every chapter Liberal use of diagrams and tables to illustrate the text Examples from Indian Companies Summary at the end of each chapter for quick revision before the date of examination Short Answer Type and Long Answer Type Questions Question Bank at the end of each chapter Sample Papers for self test *UPSC Power Bank:1000+ MCQs for UPSC and State PSCs and exams Science & Technology (For*

Latest Edition) Oswaal Editorial Board,2024-10-12 100% Updated with the Latest Pattern of Questions asked in UPSC Prelims Extensive Practice with 1000 MCQs based on UPSC State PSCs latest pattern Flash Facts with Crisp revision notes with smart mind maps Concept Clarity with Detailed Elaborated Solutions 100% Exam Readiness with Study Approach Video Trend Analysis Provided by UPSC Experts **The Friction Project** Robert I. Sutton,Huggy Rao,2024-01-30 The definitive guide to eliminating the forces that make it harder more complicated or downright impossible to get things done in organizations Find out why Adam Grant says If every leader took the ideas in this book seriously the world would be a less miserable more productive place Every organization is plagued by destructive friction Yet some forms of friction are incredibly useful and leaders who attempt to improve workplace efficiency often make things even worse Drawing from seven years of hands on research The Friction Project by bestselling authors Robert I Sutton and Huggy Rao teaches readers how to become friction fixers Sutton and Rao kick off the book by unpacking how skilled friction fixers think and act like trustees of others time They provide friction forensics to help readers identify where to avert and repair bad organizational friction and where to maintain and inject good friction Then their help pyramid shows how friction fixers do their work from reframing friction troubles they can t fix right now so they feel less threatening to designing and repairing organizations The heart of the book digs into the causes and solutions for five of the most common and damaging friction troubles oblivious leaders addition sickness broken connections jargon monoxide and fast and frenzied people and teams Sound familiar Sutton and Rao are here to help They wrap things up with lessons for leading your own friction project including linking little things to big things the power of civility caring and love for propelling designs and repairs and embracing the mess that is an inevitable part of the process while still trying to clean it up *The UK Regional-National Economic Problem* Philip McCann,2016-03-10 In recent years the United Kingdom has become a more and more divided society with inequality between the regions as marked as it has ever been In a landmark analysis of the current state of Britain s regional development Philip McCann utilises current statistics examines historical trends and makes pertinent international comparisons to assess the state of the nation The UK Regional National Economic Problem brings attention to the highly centralised top down governance structure that the UK deploys and demonstrates that it is less than ideally placed to rectify these inequalities The North South divide in the UK has never been greater and the rising inequalities are evident in almost all aspects of the economy including productivity incomes employment status and wealth Whilst the traditional economic dominance of London and its hinterland has continued along with relative resilience in the South West of England and Scotland in contrast the Midlands the North of England Northern Ireland and Wales lag behind by most measures of prosperity This inequality is greatly limiting national economic performance and the fact that Britain has a below average standard of living by European and OECD terms has been ignored The UK s economic and governance inequality is unlikely to be fundamentally rebalanced by the current governance and connectivity trends although this definitive study suggests

that some areas of improvement are possible if they are well implemented This pivotal analysis is essential reading for postgraduate students in economics and urban studies as well as researchers and policy makers in local and central government
