Guide to Writing Quality Individualized Education Programs Gordon S. Gibb, Tina Taylor Dyches, 2000 This easy to follow guide reduces the complexity of IEP development to seven basic steps based on the requirements of IDEA 97. Pre-service and in-service educators will find the user-friendly format invaluable for enhancing their IEP writing skills. This helpful guide features case studies of four students of different ages with specific disabilities. Step-by-step instructions show how to develop a program by explanation, modeling, practice, and feedback. Also included are instructions for transition planning, a model IEP for comparison, and references for further learning. IEPs for ELs John J. Hoover, James R. Patton, 2017-03-22 Develop and monitor high quality IEPs for diverse learners. High quality IEPs are fundamental for guiding the educational process of and developing goals for students who require special education services. English learners, ELs, and other students with learning, emotional, or behavioral disabilities present unique challenges to educators responsible for referring, assessing, and placing them. IEPs for ELs provides educators with numerous research-based strategies and examples of how to write effective IEPs for these K-12 learners. John J. Hoover and James Patton, leading professionals in the areas of special education and linguistic diversity, share their research and how they have supported ELs who have or are suspected of having learning and intellectual disabilities. Readers will find practical guidance for developing and monitoring culturally and linguistically responsive IEPs. Checklists, guides, and other reproducibles that support IEP development. Case studies and vignettes highlighting examples of appropriate IEPs for diverse learners. Filled with expert practical advice that covers the IEP process and walks the reader through the procedure for creating high quality IEPs that take individual differences into account, this guide is essential for special educators and bilingual EL specialists. A major strength for this book is its unique tie to English learners while providing a dual focus on IEP writing. This is a great tool to use when training new special education teachers and IEP facilitators. There are direct connections to writing legally defensible plans with a user-friendly focus on IEP writing. I see this book as a tool to support teachers and students in ensuring that language and cultural considerations are included when developing and updating individual plans. Renee Bernhardt, Supervisor, Special Education, Cherokee County School District, GA.
