Beyond Memory Max Mojapelo, 2008 South Africa possesses one of the richest popular music traditions in the world from marabi to mbaqanga from boeremusiek to bubblegum from kwela to kwaito Yet the risk that future generations of South Africans will not know their musical roots is very real Of all the recordings made here since the 1930s thousands have been lost for ever for the powers that be never deemed them worthy of preservation And if one peruses the books that exist on South African popular music one still finds that their authors have on occasion jumped to conclusions that were not as foregone as they had assumed Yet the fault lies not with them rather in the fact that there has been precious little documentation in South Africa of who played what or who recorded what with whom and when This is true of all music making in this country though it is most striking in the musics of the black communities *Beyond Memory Recording the History Moments and Memories of South African Music* is an invaluable publication because it offers a first hand account of the South African music scene of the past decades from the pen of a man Max Thamagana Mojapelo who was situated in the very thick of things thanks to his job as a deejay at the South African Broadcasting Corporation This book astonishing for the breadth of its coverage is based on his diaries on interviews he conducted and on numerous other sources and we find in it not only the well known names of recent South African music but a countless host of others whose contribution must be recorded if we and future generations are to gain an accurate picture of South African music history of the late 20th and early 21st centuries

The Springboks and the Holy Grail Dan Retief, 2011-06-27 This is the epic story of South Africa's amazing quests for the Rugby World Cup which resulted in triumph at Ellis Park in 1995 and in Paris in 2007 while there was heartbreak in 1999 and shame in 2003 *The Springboks and the Holy Grail* is no mere narration of matches and scores The author was closely involved in all four RWC campaigns while working for the Sunday Times and SuperSport and he provides behind the scenes reportage on the great cast and incredible incidents that made for such riveting drama This is a story of human heroism and frailty of great dignity and patent jealousy that transcends the mere realm of sport The book contains numerous interviews with key players and administrators as well as well known figures who were touched by these campaigns and provides a fascinating insight into an event which is now one of the biggest in the world of sport This is a candid glimpse behind the scenes that often reads like pure fiction

Miracle Men Lloyd Burnard, 2020-09-01 When Rassie Erasmus took over as coach of the Springboks in 2018 few thought they had a chance of winning the Rugby World Cup The Boks had slipped to seventh in the world rankings and lost the faith of the rugby loving public Less than two years later jubilant crowds lined the streets of South Africa's cities to welcome back the victorious team Sportswriter Lloyd Burnard takes the reader on the thrilling journey of a team that went from no-hopers to world champions He examines how exactly this turnaround was achieved Interviews with players coaches and support staff reveal how the principles of inclusion openness and focus as well as careful planning and superb physical conditioning became the basis for a winning formula The

key roles played by Rassie Erasmus and Siya Kolisi shine through There were ups and downs along the way beating the All Blacks in Wellington during the Rugby Championship was a high point but then came Kolisi s injury while in Japan the distractions of a volatile support base sometimes shook the players focus Miracle Men is filled with marvellous anecdotes and sharp insights It is also inspiring testimony to what can be achieved when a group of South Africans from all backgrounds come together as a team
