Higher Certificate Courses At Unisa:

Optimizing Open and Distance Learning in Higher Education Institutions Pandey, Umesh Chandra, Indrakanti, Verlaxmi, 2017-06-19 Technology has broadened learning opportunities for students in the modern age No longer limited by proximity and location learners can utilize online education environments to attain their advanced degrees Optimizing Open and Distance Learning in Higher Education Institutions is a pivotal reference source for the latest scholarly material on the development of e learning programs and other technologies in university settings Highlighting numerous topics such as quality assurance learning measurement and skill training this book is ideally designed for administrators teachers academics researchers and professionals interested in emerging trends for open and distance education

The Dynamics of Changing Higher Education in the Global South Busani Mpofu, Sabelo Ndlovu-Gatsheni, 2020-06-29 Today there are generally universities in Africa rather than African universities The legitimacy of the university in Africa is under serious questions now because of its complicity in racism patriarchy sexism colonialism capitalism genocide epistemicide linguicide culturecide and alienation In other words the university in Africa as we know it today is elitist and exclusionary Therefore rethinking the idea of the university is fundamental to overcoming its current deficiencies in the Global South This volume bringing together a number of national case studies and macro analyses on the dynamics of changing higher education in the Global South gestures towards the desired imagined decolonial African university which should be a site of multilingualism where African indigenous languages cosmologies and ontologies become a central part of its identity and soul intolerant of epistemicides linguicides and cultural imperialism but a site of cognitive and social justice that fully embraces the idea that all human beings are born into valid useful relevant and legitimate knowledge systems *Labour Law Rules! Third Edition*

Marie McGregor, 2017-11-17 Labour Law Rules is a book designed primarily as an introductory text for students encountering labour law for the first time whether their goal is a law degree or some other discipline involving a basic knowledge of the labour relations regulatory regime in South Africa In the past two years since publication of the first edition of Labour Law Rules some significant events took place which impacted on labour law resulting in a number of changes proposed to reform labour law The new edition of Labour Law Rules aims to lay a sound and up to date foundation of basic labour law rules which will enable students to be empowered to assist in shaping the future working environment and laws of the country The second edition of the bestselling text book Labour Law Rules continues to provide a highly accessible text on labour equity social security skills development and related laws fully updated to include the latest changes and amendments in labour law in South Africa It discusses these laws against the backdrop of South Africa as a member state of the ILO and the economic and socio economic context in the country

Higher Education Financing in East and Southern Africa Pundy Pillay, 2010 This nine country study of higher education financing in Africa includes three East African states Kenya Tanzania and Uganda five countries in southern Africa Botswana Lesotho Mozambique Namibia and South Africa and an Indian Ocean

island state Mauritius Higher Education Financing in East and Southern Africa explores trends in financing policies paying particular attention to the nature and extent of public sector funding of higher education the growth of private financing including both household financing and the growth of private higher education institutions and the changing mix of financing instruments that these countries are developing in response to public sector financial constraints This unique collection of African country case studies draws attention to the remaining challenges around the financing of higher education in Africa but also identifies good practices lessons and common themes

Higher Education in Development Kate Ashcroft, Philip Rayner, 2011-09-01 This book will interest readers learning about or developing strategies for improving higher education systems and institutions in developing countries It provides an insight into sub Saharan African higher education systems and sets out the ways that they are developing and changing It explores the dilemmas inherent in a context of scarce resources with increasing and urgent demands for a more professionalized workforce and expert services It examines the factors inhibiting development such as HIV AIDS gender issues historical conflicts cultural attitudes inimical to innovation the challenges created by poor infrastructure and the history of colonialism and authoritarianism and their legacy of centralized control and lack of autonomy and democracy The book explores lessons from research into sub Saharan African higher education that may be applied to other contexts The authors have lived and worked in sub Saharan Africa and the book draws on the authors personal experience of higher education in Zambia Ethiopia The Yemen and their links in Mozambique and South Africa as well as extensive senior management experience and at the highest level within sub Saharan higher education systems It uses actual examples and a reflective case study approach to describe reforms and from these develops ideas as to how to improve the effectiveness of higher education as a means to fight poverty The book explores lessons from research into sub Saharan African higher education that may be applied to other contexts The authors have lived and worked in sub Saharan Africa and the book draws on their personal experience of higher education in Zambia Ethiopia The Yemen and their links in Mozambique and South Africa The authors also use their extensive management experience at the highest level within sub Saharan higher education systems The book includes actual examples and a reflective case study approach to describe reforms and from these develops ideas as to how to improve the effectiveness of higher education as a means to fight poverty

Servamus ,2007 South Africa ,1988 Managing Digital Records in Africa Mpho Ngoepe, 2022-05-23

Managing Digital Records in Africa draws on the research work of the InterPARES Trust ITrust project that investigated interrelated archival issues focusing on legal analysis infrastructure trust authentication and education within the African context This research focused book provides a legal analysis and systematic assessment of how African institutions manage digital records in four countries i e Botswana Kenya South Africa and Zimbabwe It also examines the extent to which records are managed using Internet based applications trust in such records and digital record authentication to support the auditing process Finally it provides a curriculum analysis in digital records at institutions of higher learning in 38 African countries

The book's case studies illustrate the threads of discussion which span the ITrust domains of legislation infrastructure authentication trust and education in archives and records management The book can be used as a premier reference source by private and public organizations researchers educators archivists records managers and postgraduate students to make informed decisions about digital records records management systems cloud based services authenticating records and identifying universities on the continent that offer archival programmes The book may also find expression to practitioners in other fields such as law and auditing

Labour Law Rules! Second Edition Marie McGregor, 2014-11-21 Labour Law Rules is a book designed primarily as an introductory text for students encountering labour law for the first time whether their goal is a law degree or some other discipline involving a basic knowledge of the labour relations regulatory regime in South Africa In the past two years since publication of the first edition of Labour Law Rules some significant events took place which impacted on labour law resulting in a number of changes proposed to reform labour law The new edition of Labour Law Rules aims to lay a sound and up to date foundation of basic labour law rules which will enable students to be empowered to assist in shaping the future working environment and laws of the country The second edition of the bestselling text book Labour Law Rules continues to provide a highly accessible text on labour equity social security skills development and related laws fully updated to include the latest changes and amendments in labour law in South Africa It discusses these laws against the backdrop of South Africa as a member state of the ILO and the economic and socio economic context in the country
