be implemented in the classroom this book is an invaluable resource for pre service and early career primary and middle years mathematics teachers *Place Value, Grades K - 5* Graham,Duff,2010-06-11 Make math matter to students in grades K 5 using Place Value This 64 page book helps students especially struggling learners understand the base ten system This book contains reproducible base ten models practice pages assessments games and Web sites It covers topics such as naming and writing numerals counting using expanded notation ordering and comparing numbers and applying knowledge about numbers The book supports NCTM standards , *Reframing Financial Literacy* Thomas A. Lucey,James D. Laney,2012-06-01 Scholarship related to financial and consumer education largely concerns itself with the acquisition management and growth of financial resources In a global setting that witnesses increasing competition for natural resources along with diminishing appreciation for human rights a challenge for financial and consumer educators involves developing foundation for bettering individual wealth in manners that respect all members of a global society Reframing Financial Literacy fills this need by providing literature that examines a broad view of financial literacy by connecting financial practice with issues of citizenship along with personal and professional identity It relates these issues to educational theory and practice to provide the reader with information about the relevance of improving social worth while bettering financial wealth Boasting 14 previously unpublished chapters from an international slate of authors and classroom adaptable lesson plans for each chapter Reframing Financial Literacy will interest both teachers and researchers with its exciting classroom activities and its provocative content This is a must work that no education professional should be without
