The pen, your mighty self defense friend Joseph Truncale, 2015-03-19 This book will show you how a simple writing tool can easily be turned into an effective self defense weapon with just a little knowledge, practice, determination, and imagination. This is, to my knowledge, the first manual ever written that deals primarily with the use of the pen as a self protection tool. Some of the areas this book will cover include choosing the best pen for self defense, carrying methods, how to grip the pen for most effectiveness, the right to self defense, and the law, vulnerable areas of the body, and specific techniques and tactics to use the pen for self defense. When you finish this text, you will be more aware and confident in your ability to defend yourself using a simple pen or pencil. The key to defending yourself must always begin with the realization that your own body has numerous areas that can be used as a self defense tool.
