Steven Spielberg Ian Nathan, 2024-10-01 This comprehensive and in depth study delves into the life and works of the most famous director who has ever lived Steven Spielberg Spielberg is the medium s defining artist the embodiment of the Hollywood ideal the commercial potential of film married to its creative possibilities He s widely popular but he s also a stylist and far darker than he is given credit for Often it is this very darkness that speaks to us But it s also his incredible knack for telling stories with lightness that speaks to millions by mixing the extraordinary with the ordinary His leading characters even Indiana Jones are marked by their vulnerability their mistakes their yearning It s the human touch There are so many parts to Spielberg s story the suburban background that supplied the films with a biographical streak the collaborations with George Lucas and the Movie Brats in general with composer John Williams producer Kathleen Kennedy

editor Michael Khan stars Richard Dreyfus Harrison Ford and Tom Hanks and mogul and mentor Sid Sheinberg The myths that bloomed from the making of these films The nightmare shoot and stubborn shark behind Jaws The strange ambitions of Close Encounters Dive bombing with 1941 Inventing Indiana Jones Re inventing the blockbuster with Jurassic Park Venturing into history s darkest shadows with Schindler s List Transforming a genre with Saving Private Ryan The muscular unpredictable confrontational Spielberg of Minority Report Munich and Lincoln And then there is his family How his films even late in his career lionized untouchable went in search of approval from his parents Just as he has craved the approval of his peers That fateful Oscar took so long in coming Defining appreciating contextualizing and understanding the films of Spielberg is a tall order Their simplicity is deceptive You have to cut through the glow the adoration the simple joy that comes with their embrace and get to the thrust of the filmmaking Sourcing the inspirations locating the critical nuance the nurtured performance and the recurrent theme so many of his films have become timeless this book celebrates all this and more

Feeling Film: Affect and Authenticity in Popular Cinema Greg Singh, 2014-01-21 Cinema has the capacity to enflame our passions to arouse our pity to inspire our love Feeling Film is a book that examines the emotional encounters found in contemporary popular cinema cultures Examining melodrama film noir comic book franchises cult indie movies and romantic comedy within the context of a Jungian informed psychology and contemporary movements in film philosophy this book considers the various kinds of feelings engendered by our everyday engagements with cinema Greg Singh questions the popular idea of what cinema is and considers what happens during the anticipation and act of watching a movie through to the act of sharing our feelings about them the reviewing process and repeat viewing practices Feeling Film does this through a critique of purely textual approaches instead offering a model which emphasises lived warm embodied and inhabited psychological relationships between the viewer and the viewed It

extends the narrative action of cinema beyond the duration of the screening into realms of anticipation and afterlife in particular providing insight into the tertiary and participatory practices afforded through rich media engagement In rethinking the everyday co productive relationship between viewer and viewed from this perspective Feeling Film reinstates the importance of feelings as a central concern for film theory What emerges from this study is a re engagement of the place of emotion affect and feeling in film theory and criticism In reconsidering the duration of the cinematic encounter Feeling Film makes a significant contribution to the understanding of the inter subjective relationship between viewer and viewed It takes post Jungian criticism into the realms of post cinema technologies and reignites the dialogue between depth psychology and the study of images as they appear to and for us This book will make essential reading for those interested in the relationship between film and aspects of depth psychology film and philosophy students at advanced undergraduate and postgraduate levels film and cinema academics and cinephiles
