

If you went too near the edge of the chalk-pit the ground would give way. Barney had been told this often enough. Everybody had told him. His grandmother, every time he came to stay with her. His sister, every time she wasn't telling him something else. Barney had a feeling, somewhere in his middle, that it was probably true about the ground giving way. But still, there was a difference between being told and seeing it happen. And today was one of those grey days when there was nothing to do, nothing to play, and nowhere to go. Except to the chalk-pit. The dump.

Barney got through the rickety fence and went to the edge of the pit. This had been the side of a hill once, he told himself. Men had come to dig away the chalk and left this huge hole in the earth. He thought of all the sticks of chalk they must have made, and all the blackboards in the school they must have written on. They must have dug for hundreds of years. And then got tired of digging, or somebody had told them to stop before they dug away all the hill. And now they did not know what to do with this empty hole and they were trying to fill it up again. Anything people didn't want they threw into the bottom of the pit.

He crawled through the rough grass and peered over. The sides of the pit were white chalk, with lines of flints poking out like bones in places. At the top was crumbly brown earth and the roots of the trees that grew on the edge. The roots

Robert took the ridge, looked to the left and then turned into the north. Some of the men hung over the ridge, looking on disappointedly for a few moments. They went and made their last battle stand, somewhat apart, and one day they too would fall to the bottom of the pit. Strange as my own fate seemed, I felt that I was to stand hung in the air.

The bottom was the bottom of the pit. The dumpy, bumpy, muddy, wet, strange bits of wreckage among the trees and under bushes and rocks. Was that the steering wheel of a car? The rest of an automobile? Or was there only a dead animal. Harvey felt sure he could make it go if only he could get at it. They didn't see him there anymore.

Read the ground water table.

Barney had his hand going down and his feet going up. There was a ripple of feeling, with everybody else. Then he was telling the story of how the man falling with him.

This is what it's like when the ground gives way, thought Barney. Then he seemed to catch a complete astonishment in the air, turned into a bridge of steel half-way down, crossed through some supports and up branches, and ended in a peak of rock.
