Unit 1 | Reading

Read the text. Match the health problems to the home remedies. One health problem is not mentioned.

Home remedies

Many people around the world use home remedies based on fruit, vegetables, and herbs for common illnesses. Your doctor's advice is very important, but some of these home remedies may help, too. In our modern society, obesity is a common problem. For many people, regular exercise is the best remedy. Eating less and eating cabbage can help, too! This simple vegetable contains a chemical called tartaric acid. Tartaric acid stops sugar and other carbohydrates in the body from becoming fat. For one month, try a delicious cabbage salad once a day and you'll see the results.

Apples are an excellent remedy for depression. This fruit has vitamin B, phosphorus, and potassium, which help to reduce anxiety. So, if you want to be happy, eat one chopped apple with milk and honey for breakfast and another apple after lunch.

Herbs are always important in home remedies. Try mint tea with lemon juice for indigestion, before and after meals. Not many people think of grapes as a health food, but there's some evidence that grapes help your throat and lungs become strong. When you have a cough, drink a cup of grape juice three times a day.

1 depression	e Eat two apples a day.
2 stomach ache	d Not mentioned.
3 indigestion	c Drink mint tea with lemon juice.
4 obesity	a Eat cabbage regularly.
5 cough	b Drink a cup of grape juice three times a day.
