The text's three-part format highlights the 16 most vital grammar skills up front, leaving the rest of the text for secondary topics and additional grammar activities. A self-teaching approach enables students to see exactly what they need to brush up on and gives them focused examples and practice exercises to speed them to mastery. Finally, the manageable size and short, well-organized chapters give students just the coverage they need. *English Brushup (Reprint)* Janet M. Goldstein, John Langan, 2010-02-16 The fifth edition of *English Brushup* offers your student a brief and inexpensive guide to the grammar punctuation and usage skills they need most. The latest edition of *English Brushup* offers expanded coverage of Parts of Speech. This section has now been moved to the front of the text to aid students in reviewing the basics. **Academic Writing** Dr. Controllah Gabi, 2022-05-21 Academic writing by Dr. Controllah Gabi PhD is a fresh, structured approach to an important aspect of higher education: scholarly work. It extends the existing body of knowledge in the field by synthesising fundamental strands that have existed in a fragmented, loosely structured state. Beginning by examining the meaning, nature, and importance of academic writing, this book also explains the role and types of evidence in the context of scholarly writing. To this end, criteria for assessing the credibility of sources in the present Information Age are discussed. Additionally, this text explores critical thinking, analysis, and argumentation. There is also guidance on rigour and academic content creation. Complementing this, the book offers essential insights into structure and cohesion, particularly cohesive devices under the broad areas of grammatical and lexical cohesion. As a book designed for learning and teaching, whether self-directed or classroom-based, the book's other unique features are pre-designed modules with ready-to-use schemes, assignments, assessment criteria, and exercises. Another aspect readers of this book will find valuable are academic phrases for different aspects of academic writing. These distinguishing features will appeal to higher education students and teachers interested in academic writing. *English for Academic Purposes: EAP and Academic English* *Journal of Developmental Education*, 2005 *Ri Tb McGraw-Hill Grammar* Buscemi, 2002-10
