American literary movements the Beat Generation New Journalism and Pop Art among others The Spectacle of Death Kristin Boudreau,2006-04-04 In 1787 Benjamin Rush cautioned that public punishments were dangerous to the social and legal authority of the new nation For Rush irrepressible human sentiments all but guaranteed that public punishments would turn spectators against the institutions responsible for the punishments Although public executions of criminals ended early in the 19th century debate over the morality of capital punishment has continued to this day In this unique and fascinating glimpse into public reactions to prominent executions from colonial times to the 1990s Kristin Boudreau focuses on the central role of populist often ephemeral literary forms in shaping attitudes toward capital punishment Surveying popular poems ballads plays and novels she shows that at key times of social unrest in American history many Americans have felt excluded by the political and legal processes and have turned instead to inexpensive literary forms of expression in an attempt to change the course of history Among the significant capital cases that the author discusses are the Haymarket anarchist trial of 1886 the lynching of Leo Frank in 1914 the murder of Emmett Till in 1955 and its effects on the Civil Rights movement Norman Mailer's treatment of the Gary Gilmore case in the 1979 novel *The Executioner's Song* and the 1998 execution of Karla Faye Tucker a convicted murderer who became a born again Christian on death row In the concluding chapter Boudreau examines contemporary writers musicians actors and other artists who are using their artistic media to influence official policies of states that permit capital punishment By examining these neglected texts Boudreau brings to light a compelling story about ordinary Americans fighting an entrenched legal system at times of great national crisis

Norman Mailer Harold Bloom,2003 An American novelist journalist essayist poet playwright screenwriter and film director Norman Mailer won the Pulitzer Prize twice and the National Book Award once Along with Joan Didion Truman Capote and Tom Wolfe Mailer was a practitioner of New Journalism a genre which encompassed the essay and other nonfiction writing **Jack and Norman** Jerome Loving,2017-02-21 Norman Mailer was writing *The Executioner's Song* his novel about condemned killer Gary Gilmore when he struck up a correspondence with Jack Henry Abbott Federal Prisoner 87098 132 Over time Abbott convinced the famous author that he was a talented writer who deserved another chance at freedom With letters of support from Mailer and other literary elites of the day Abbott was released on parole in 1981 With Mailer's help Abbott quickly became the literary it boy of New York City But in a shocking turn of events the day before a rave review of Abbott's book *In the Belly of the Beast* appeared in *The New York Times* Abbott murdered a New York City waiter and fled to Mexico Eerily like Gary Gilmore in Mailer's true life novel Abbott killed within six weeks of his release from prison Now distinguished professor Jerome Loving explores the history of two of the most infamous books of the past 50 years *Evolving Standards of Decency* Mary Welek Atwell,2004 The Supreme Court has looked to evolving standards of decency in determining whether the death penalty violates the Eighth Amendment to the Constitution which prohibits cruel and unusual punishment *Evolving Standards of Decency* examines the ways in which popular culture portrays the death

penalty By analyzing literature and film Atwell argues that capital punishment becomes much more complex when both offenders and victims are presented as fully developed individuals Numerous books and films from the last several decades expose flaws in the criminal justice system and provide audiences with stories that raise questions about race class and actual innocence in the administration of the ultimate punishment Although most people will not read legal briefs supporting or challenging the death penalty many will see films or read novels that raise issues about its fairness Themes and images gathered through popular culture may ultimately influence whether Americans continue to believe that capital punishment conforms to their evolving standards of decency and justice Those studying justice issues corrections or capital punishment will find this an accessible and provocative work that places the stories read in novels or seen in movies in the context of the legal system that has the power of life and death

Literature and the Rise of the Interview Rebecca Roach,2018-11-21 Today interviews proliferate everywhere in newspapers on television and in anthologies as a method they are a major tool of medicine the law the social sciences oral history projects and journalism and in the book trade interviews with authors are a major promotional device We live in an interview society How did this happen What is it about the interview form that we find so appealing and horrifying Are we all just gossips or is there something more to it What are the implications of our reliance on this bizarre dynamic for publicity subjectivity and democracy Literature and the Rise of the Interview addresses these questions from the perspective of literary culture The book traces the ways in which the interview form has been conceived and deployed by writers and interviewing has been understood as a literary critical practice It excavates what we might call a poetics of the interview form and practice In so doing it covers 150 years and four continents It includes a diverse rostrum of well known writers such as Henry James T S Eliot Ezra Pound Djuna Barnes William Burroughs Philip Roth J M Coetzee and Toni Morrison while reintroducing some individuals that history has forgotten such as Betty Ross Queen of Interviewers and Julian Hawthorne Nathaniel s profligate son Together

these stories expose the interview's position in the literary imagination and consider what this might tell us about conceptions of literature authorship and reading communities in modernity **Psychology and Historical Interpretation**

William McKinley Runyan, 1988 What kind of psychology should be used in historical interpretation How should it be used and on what range of historical problems These are some of the basic questions addressed by the distinguished contributors

Solodkoff, 2023-10-31 Thinking About Stories is a fun and thought provoking introduction to philosophical questions about narrative fiction in its many forms from highbrow literature to pulp fiction to the latest shows on Netflix Written by philosophers Samuel Lebens and Tatjana von Solodkoff it engages with fundamental questions about fiction such as What is it What does it give us Does a story need a narrator And why do sad stories make us cry if we know they aren't real The format of the book emulates a lively verbal exchange each chapter has only one author while the other appears spontaneously in dialogues in the text along the way raising questions and voicing criticisms and inviting responses from their co-author This unique format allows readers to feel like they are a part of the conversation about the philosophical foundations of some of the fictions in their own lives Key Features Draws on a wide range of types of narrative fiction from Harry Potter to Breakfast of Champions to Parks and Recreation Explores how fiction despite its detachment from truth is often best able to teach us important things about the world in which we live Concludes by asking in the final chapter whether we all might be fictions Includes bibliographies and suggested reading lists in each chapter *American*

Naturalistic and Realistic Novelists Edd C. associated with the two movements The entries that follow are arranged alphabetically to facilitate use Each includes basic biographical information and a narrative overview of the writer s educational background professional career and published works The writer s works are briefly discussed in relation to the Realistic and Naturalistic traditions Entries include primary and secondary bibliographies and the volume closes with a list of works for further reading Murder Sara Louise Knox,1998 An analysis of American murder narratives across a number of genres including novels sociological texts and true crime accounts Epic Voices Robert Arlett,1996 The path of the modern novel has been marked by a dialectic of seemingly rival impulses while certain novelists have sought to deal with wide scale social and political dimensions of modern existence others have concerned themselves primarily with interior sensibility
