

# PARTS MANUAL

## VIKING HYDRO

This manual contains the parts list for the Viking Hydro utility vehicle. It is intended for use by the owner or a qualified technician to identify and order replacement parts. The parts are listed by their location on the vehicle and by their part number. The part number is a four-digit code that identifies the part. The first two digits represent the part's location on the vehicle, and the last two digits represent the part's part number. For example, the part number 1234 would represent a part located in the 12th location on the vehicle with a part number of 34.
