Lyons,2012-11-27 Tackling one of the hottest topics in business today experts share practical insights about how to finance market manage and assess a social entrepreneurship venture to create a new organization that can do well and do good Social entrepreneurship is the practice of using the mindset tools techniques and processes of entrepreneurship to confront pressing social issues an intriguing concept that American business is just beginning to understand Social Entrepreneurship How Businesses Can Transform Society brings together a group of expert contributors who offer the very latest thinking about the tremendous potential of this rapidly growing field Unlike other books on the subject that tend to be merely descriptive and or inspirational this set comprises three hands on how to volumes that dig deeply into the major factors that impact social entrepreneurship Each volume addresses one of three important aspects of setting up and running a successful enterprise

legal organizational structure marketing and performance measurement and management The author examines root concepts in detail and spotlights opportunities challenges and the considerations involved in implementation Practitioners will especially appreciate the set s practical insights and the contributors efforts to link theory to practice in a way that facilitates effective action

Strategy Journeys David Booth,2016-09-14 Strategy Journeys starts from the premise that strategic planning suffers from a bad press it can be seen as complex technical remote from the day to day reality of an organisation undertaken by an elite specialist executive group producing threatening changes whose rationale is barely understood or perhaps worse still having no worthwhile impact at all For many senior executives strategic planning is too daunting a task which is why they often seek help from those with the expertise to guide the process they have a severe lack of confidence in their own ability to design plan and implement such an important and major project Yet organisations have never had greater need for a flexible resilient and engaging approach to strategic planning than now How do those leading an organisation know where to start what approach to take and how to go about the process of strategic planning David Booth aims to help them by demystifying the concept and propounding a first principles approach to developing a strategic plan within the context of the individual organisation and with the flexibility to adapt the process to focus on what really matters He suggests the key questions that should be asked when considering embarking on a strategic planning journey to help design and guide the process

Non-Profit Organisations, Volume I Alkis Thrassou, Demetris Vrontis, Leonidas Efthymiou, Yaakov Weber, S. M. Riad Shams, Evangelos Tsoukatos, 2024-08-03 This four volume book examines through multiple and cross discipline perspectives the science and practice of not for profit organisations These organisations have drawn considerable attention and witnessed extensive growth as they engage in delivering public services to society And are increasingly pressured to balance business with social goals inherent idiosyncratic features with management creativity structural limitations with operational flexibility and ethical boundaries with pragmatism all with scarce resources but abundant determination The first volume explores the opportunities and challenges of non profit organisations in the contemporary environment elucidating current and future issues in the field setting strategic directions and presenting sector wide examples and best practices The second volume explores contextual aspects relating to the economy and industries The third volume presents social and ethical aspects as well as matters of sustainability accountability and the overall wellbeing of society The fourth and final volume examines structures and models with an emphasis on technology

Greening Business Ian Worthington, 2013 The book focuses on why when and how businesses have responded to the growing pressures to improve on their environmental performance Drawing on current research and numerous practical examples and case studies it examines the notion of the sustainable business organization This is an ideal text for courses in Business and the Environment
