government and his men and finally with a murder on a lonely farm in South Africa There was no more talk of Australian fighting men morphing into colonial members of the British army Still the newspapers said the venture was a brilliant success that Australians had proved themselves natural warriors that the British Empire was stronger for what happened all of which Australians rejoiced to hear It was in the end a kind of victory

Tudor Networks of Power Ruth Ahnert, Sebastian E. Ahnert, 2024-02-16 Tudor Networks of Power is the product of a groundbreaking collaboration between an early modern book historian and a physicist specializing in complex networks Together they have reconstructed and computationally analysed the networks of intelligence diplomacy and political influence across a century of Tudor history 1509 1603 based on the British State Papers The 130 000 letters that survive in the State Papers from the Tudor period provide crucial information about the textual organization of the social network centred on the Tudor government Whole libraries have been written using this archive but until now nobody has had access to the macroscopic tools that allow us to ask questions such as What are the reasons for the structure of the Tudor government's intelligence network What was its geographical reach and coverage Can we use network data to show patterns of surveillance What role did women play in these government networks And what biases are there in the data The authors employ methods from the field of network science translating key concepts and approaches into a language accessible to literary scholars and historians and illustrating them with examples drawn from this fantastically rich archive Each chapter is the product of a set of thematically organized experiments which show how particular methods can help to ask and answer research questions specific to the State Papers archive but also have applications for other large bodies of humanities data The fundamental aim of this book therefore is not merely to provide an innovative perspective on Tudor politics it also aspires to introduce an entirely new audience to the methods and applications of network science and to suggest the suitability of these methods for a range of humanistic inquiry

Funding Feminism Joan Marie Johnson, 2017-08-04 Joan Marie Johnson examines an understudied dimension of women's history in the United States how a group of affluent white women from the late nineteenth through the mid twentieth centuries advanced the status of all women through acts of philanthropy This cadre of activists included Phoebe Hearst the mother of William Randolph Hearst Grace Dodge granddaughter of Wall Street Merchant Prince William Earle Dodge and Ava Belmont who married into the Vanderbilt family fortune Motivated by their own experiences with sexism and focusing on women's need for economic independence these benefactors sought to expand women's access to higher education promote suffrage and champion reproductive rights as well as to provide assistance to working class women In a time when women still wielded limited political power philanthropy was perhaps the most potent tool they had But even as these wealthy women exercised considerable influence their activism had significant limits As Johnson argues restrictions tied to their giving engendered resentment and jeopardized efforts to establish coalitions across racial and class lines As the struggle for full economic and political power and self determination for women continues today

this history reveals how generous women helped shape the movement And Johnson shows us that tensions over wealth and power that persist in the modern movement have deep historical roots      **An Unfolding Story** Martin Paul

Sutherland,Laurie Guy,2014 Baptists in New Zealand have built few lasting denominational institutions In keeping with a congregational emphasis the focus has been on the local church The Missionary Society born out of the recognition that some tasks are better done together is an obvious exception Another is Carey Baptist College From nondescript beginnings the college has become a broad based theological provider in the first rank of New Zealand institutions This volume unfolds the story of this crucial Baptist venture The deeper narrative is of relationships innovation and commitment It is a story worth telling      *The Green Revolution* M.
