evaluate the compliance costs of the FAFSA as an administrative burden and test the efficacy of College Goal Wisconsin's FAFSA assistance events using three event study models I find small but positive associations between weekly FAFSA completion rates and having an event within the school district but this association does not extend to larger geographic areas In paper 3 I investigate the effectiveness of Louisiana's mandatory FAFSA policy on increasing college enrollment using a difference in differences research design In this analysis I consider rational choice theories and sociological cultural and ecological theories of college going which offer possible explanations as to why we might expect a mandatory FAFSA policy to improve college enrollment rates I find positive impacts on college enrollment among schools who had the lowest pre policy FAFSA completion rates when compared to schools with the highest pre policy completion rates However these positive results appear to be driven by schools with lower proportions of low income students and students of color I find that racial and socioeconomic inequities in college enrollment were maintained or increased into the post policy period Collectively these papers add to the literature on financial aid and the FAFSA by highlighting the important role of school contexts and identifying local state and federal actions that can bolster FAFSA completion and financial aid access

Federal Student Aid George A. Scott, 2010-06 There is concern about the length and complexity of the Free Application for Federal Student Aid FAFSA and the statutory need analysis formula used to determine aid eligibility A study group examined options and implications in simplifying the financial aid process It focused on 1 identifying ways to shorten the FAFSA and make it less burdensome to complete 2 identifying changes to the statutory need analysis formula that would reduce the amount of financial info required by the FAFSA without causing redistribution of federal and state student aid and 3 determining how any changes to the FAFSA and the statutory need analysis formula could be implemented This summary captures the ideas and themes that emerged at the panel and during interviews **Federal Student Aid Handbook, 2006-2007.**
