Popular Science ,1945-08 Popular Science gives our readers the information and tools to improve their technology and their world The core belief that Popular Science and our readers share The future is going to be better and science and technology are the driving forces that will help make it better **English Mechanic and World of Science** ,1880

English Mechanic and Mirror of Science ,1878 **The Last Empires** William Allan,2017-10-17 This book is a forthright and novel examination of efforts to improve national and global governance over the last forty years Much has changed since Michel Foucault considered and rejected economics and neoliberalism as a potential mechanism for individuals to govern themselves and their nations Nonetheless his approach which focused on the evolution of social development through interaction of many disciplines and biopolitical forces remains highly relevant Neoliberalism became a dominant political force from the 1980s to the present It has failed however to address issues of inequality to ensure economic stability or to tackle the problems of people and nations that have been marginalized by industrial progress and international conflict Market forces alone cannot meet the needs of global society Now however developments in behavioural theory institutional theory and analysis accounting theory and accountability practice are providing tools that are developing comprehensive and evidence based measures of well being that promise to broaden and strengthen the field of socio economic policy making Resolute albeit long term steps to establish widely accepted standards of accountability the book argues are essential to guide policies and address the formidable governance issues of global security information technology social inequality and economic and financial crises that the world faces at the beginning of the 21st century *No Planet B* Lucy

Diavolo,2021-02-09 Teen Vogue the fresh voice of a generation of activists curates a dynamic collection of timely pieces on the climate justice movement With accessible concise explanations of the features and causes of climate change as well as pieces urging an intersectional approach to environmental justice this book is the handbook for the emerging youth climate movement Using a feminist indigenous antiracist internationalist lens the book paints a picture of a world in climate crisis and presents bold courageous ideas for how to save it Featuring introductions from leading climate activists No Planet B is essential reading for everyone fighting for a Green New Deal and more **English Mechanic and Mirror of Science and Art** ,1882 *Scientific American* ,1883 Monthly magazine devoted to topics of general scientific interest **English**
