Brandwashed Martin Lindstrom, 2012-01-03 Marketing visionary Martin Lindstrom has been on the front line of the branding for over twenty years In *Brandwashed* he turns the spotlight on his own industry drawing on all he has witnessed behind closed doors exposing for the first time the full extent of the psychological tricks and traps that companies devise to win our hard earned money Lindstrom reveals eye opening details such as how advertisers and marketers target children at an alarmingly young age starting when they are still in the womb what heterosexual men really think about when they see sexually provocative advertising how marketers and retailers stoke the flames of public panic and capitalize on paranoia over diseases extreme weather events and food contamination scares It also presents the first ever evidence to prove how addicted we are to our smartphones and how certain companies like the maker of a very popular lip balm purposely adjust their formulas in order to make their products chemically addictive and much much more *Brandwashed* is a shocking insider's look at how today's global giants conspire to obscure the truth and manipulate our minds all in service of persuading us to buy

Bad News Batya Ungar-Sargon, 2023-03-28 Something is wrong with American journalism Long before fake news became the calling card of the Right Americans had lost faith in their news media But lately the feeling that something is off has become impossible to ignore That's because the majority of our mainstream news is no longer just liberal it's woke Today's newsrooms are propagating radical ideas that were fringe as recently as a decade ago including antiracism intersectionality open borders and critical race theory How did this come to be It all has to do with who our news media is written by and who it is written for In *Bad News How Woke Media Is Undermining Democracy* Batya Ungar Sargon reveals how American journalism underwent a status revolution over the twentieth century from a blue collar trade to an elite profession As a result journalists shifted their focus away from the working class and toward the concerns of their affluent highly educated peers With the rise of the Internet and the implosion of local news America's elite news media became nationalized and its journalists affluent and ideological And where once business concerns provided a countervailing force to push back against journalists' worst tendencies the pressures of the digital media landscape now align corporate incentives with newsroom crusades The truth is the moral panic around race encouraged by today's elite newsrooms does little more than consolidate the power of liberal elites and protect their economic interests And in abandoning the working class by creating a culture war around identity our national media is undermining American democracy *Bad News* explains how this happened why it happened and the dangers posed by this development if it continues unchecked

Hoax Brian Stelter, 2020-08-25 The instant New York Times bestseller that reveals the collusion between Fox News and Donald Trump with explosive new reporting covering the election and the January 6 riot As the nation recovers from the Trump presidency many questions remain Why was the COVID 19 pandemic so grossly mishandled How did we get so politically polarized What caused white nationalist groups to come out of the shadows and are they here to stay The answers lie the twisted story of the relationship between Donald Trump and Fox News Through firsthand accounts from over 250 current and former Fox

insiders CNN anchor and chief media correspondent Brian Stelter unlocks the inner workings of Rupert Murdoch's multibillion dollar media empire. The confessions are shocking. We don't really believe all this stuff, a producer says. We just tell other people to believe it. Stelter completes the story of the Trump years and looks toward the future of the network that made him. *Hoax* is a book for anyone who reads the news and wonders how we got here and what happens next. ***Hate Speech and Political Violence*** Brigitte L. Nacos, Robert Y. Shapiro, Yaeli Bloch-Elkon, 2024-02-06 How did the United States descend into crisis with institutions frayed, political violence mounting, and democracy itself in peril? This timely book identifies how the Tea Party and its extremist narratives laid the groundwork for the rise of Donald Trump, his MAGA movement, and the January 6, 2021, assault on the Capitol. Brigitte L. Nacos, Yaeli Bloch-Elkon, and Robert Y. Shapiro trace the escalation of a strain of extremist rhetoric in right-wing political discourse after the inauguration of Barack Obama. Drawing on extensive and in-depth analysis of political communication in both traditional media and online spaces, they demonstrate how the dominant rhetorical styles of the Trump era were pioneered by the Tea Party. A backlash to the election of the first Black president, this reactionary social movement deployed violent language and spread anti-Obama paranoia with the assistance of media insiders, GOP leaders, and conservative advocacy groups. Donald Trump rose to political prominence by hitching himself to the birther racist conspiracy theory espoused by many Tea Partiers and drew from their aggressive and hyperpartisan repertoire. Ultimately, this book shows the increasingly violent rhetoric of right-wing extremists spilled over into real-world political violence. Revealing the path the Tea Party blazed to Trump and the insurrectionists, *Hate Speech and Political Violence* provides timely new insights into the threats facing American democracy. **The Unprecedented 2016 Presidential Election** Rachel Bitecofer, 2017-10-10 This book explains the 2016 presidential election through a strategic focus. In the primaries, both parties faced challenges from insurgent outsiders riding waves of populist fervor in the electorate, but only the Democrats were able to steer the nomination into the hands of their establishment favorite. Why weren't Republican elites able to stop Donald Trump from hijacking their party's nomination? Why did Hillary Clinton come up short on Election Day despite the fact that nearly everyone expected her to win after her opponent ran a haphazard campaign plagued by scandal after scandal? The research presented here argues that the Clinton campaign conducted the nearly perfect execution of the wrong electoral strategy, costing her the Electoral College and her chance to become America's first female president. **Summary of Brian Stelter's Network of Lies** Milkyway Media, 2024-01-30 Get the Summary of Brian Stelter's *Network of Lies* in 20 minutes.
