History Of Football

Sometime around 1050, Englishmen dug up a skull of a dane and started to kick it around in frustration toward the dane. It became known as "Kicking the dane's head" .The skull began to hurt the boy's feet, so a boy came up with the idea of using an inflated cow bladder to help their feet(Tuttle, 13).

In 1189, [King Henry](#) banned the game, because people were too involved in the game to practice archery and fighting for war(Tuttle, 13). During the 1500's the game shifted to Ireland where people invented the Irish rules that made the game tougher. As the game progressed it turned into soccer and rugby(Tuttle, 14).

On November 6, 1869, Princeton and Rutgers played the first college soccer game(Tuttle, [show more content...](#)

After passing became effective the game became more enjoyable and attendance greatly increased

Since teams were not getting a fair amount of talent out of college, The NFL Draft was built in 1936(Encarta). This allowed teams to take turns selecting players out of college. The NFL later allowed juniors to enter into the Draft in 1989(Encarta).

As soon as Professional [football](#) became more popular, College football began to also. During the 1930's college football created bowl games for the good teams to compete with one another(Lorrimor and Devaney, 35). Among the most popular bowl games are the Rose Bowl, Cotton Bowl, Sugar Bowl, and the Orange Bowl(Lorrimor and Devaney, 141).

Seeing how much success the [National Football League](#) was having, The American Football League (AFL) was made in 1960(Lorrimor and Devaney, 11). The AFL started with just 8 teams, and their play was very sloppy and not professional(Lorrimor and Devaney, 11). After a few seasons the AFL became just as good as the NFL.

It got to a point where the American Football League was considered the better league of the two. The competition between the two leagues was driving both of them into bankruptcy, so in 1966 the leagues finally made peace(Lorrimor and Devaney, 12). They decided not to fight over getting players, and at the end of each season they would have a playoff where the winner of both leagues would face one

Why Minorities Play or Don't Play Soccer Kausik Bandyopadhyay, 2013-09-13 Soccer the most popular mass spectator sport in the world has always remained a marker of identities of various sorts Behind the facade of its obvious entertainment aspect it has proved to be a perpetuating reflector of nationalism ethnicity community or communal identity and cultural specificity Naturally therefore the game is a complex representative of minorities status especially in countries where minorities play a crucial role in political social cultural or economic life The question is also important since in many nations success in sports like soccer has been used as an instrument for assimilation or to promote an alternative brand of nationalism Thus Jewish teams in pre Second World War Europe were set up to promote the idea of a muscular Jewish identity Similarly in apartheid South Africa soccer became the game of the black majority since it was excluded from the two principal games of the country rugby and cricket In India on the other hand the Muslim minorities under colonial rule appropriated soccer to assert their community identity The book examines why in certain countries minorities chose to take up the sport while in others they backed away from participating in the game or alternatively set up their own leagues and practised self exclusion The book examines European countries like the Netherlands England and France the USA Africa Australia and the larger countries of Asia particularly India This book was previously published as a special issue of Soccer and Society
