Influence English Edition:

Ezra Pound and Poetic Influence ,2021-09-13 This collection of twenty essays investigates a series of different aspects of poetic influence in relation to the major modernist poet Ezra Pound The volume commences with five essays on matters to do with translation and poetic influence which situate Ezra Pound as an important transitional figure between 19th century and 20th century translation strategies The next five essays consider different influences on Pound s poetry and introduce the reader to new research in a variety of areas including how specific Chinese cultural artefacts inform his poetry The following five essays explore Pound s influence on some of his major contemporaries such as Eugenio Montale and Charles Olson and also through the reading he gave her as a girl on his daughter Mary de Rachewiltz The concluding five essays exemplify different approaches to the thorny issue of Pound and politics and end with two diametrically opposed interpretations of Pound s political poetic thought The collection will be of great interest to scholars of Ezra Pound and of modern to postmodern poetry but it will also serve as a useful and lively introduction to some of the debates within Pound scholarship to students coming to his work for the first time *The Journal of Sacred Literature* John Kitto,1857 **Animals' Influence**

The Journal of Sacred Literature ,1857 **New Outlook** ,1894 *The New Testament Logia on Divorce* V. Norskov

Olsen,2019-01-10 The New Testament on marriage and divorce has exercised a deep influence upon Western civilisation This is especially the case with the logia on divorce which are recorded in the Gospels of Matthew v 32 XIX 3 12 Mark X 2 12 and Luke XVI 18 The Apostle Paul deals with the subject in 1 Corinthians VII 1 15 Within the Christian churches the statements in these texts are considered authoritative concerning the questions of whether or not marriage is indissoluble and whether divorce and remarriage are allowed for one or several reasons The purpose of this study is to examine the interpretation of the New Testament divorce texts during the Reformation period The significance of the exegetical results achieved by the reformers can be appreciated only in the light of the medieval sacramental concept of marriage and the work of the Christian humanists accordingly the investigation begins with an examination of these two subjects as well as the reaction of Roman Catholic exegetes to the interpretation of Erasmus The interpretations of Luther and his associates and those of the prominent Reformed theologians follow The works of representative English theologians have been studied beginning with William Tyndale and Thomas Cranmer and ending with John Milton whose works on divorce from an exegetical point of view terminate a period during which the meaning of the divorce texts was explored From the Foreword **Essential Skills for**

history and historical critical exegesis the form of reception history itself with a focus on the issue of which acts of reception are selected and valorized and the role of tradition pre judgements and theology in relation to reception history

Disagreements about these matters contribute to what many characterise as the fragmentation of the discipline of biblical studies The study champions the hermeneutics of Hans Georg Gadamer as a theoretical resource for understanding biblical interpretation and a way of holding together with integrity the varied activities undertaken within the discipline Each aspect of the argument is illustrated tested and further explored with reference to the post history of exhortations in the New Testament to be subject These have been widely cited and applied for 2 000 years in literature law and politics as well as in theological traditions In this way the study makes a contribution not just to the theory but also the practice of reception history
