Observers Observed George W. Stocking,1984-01-17 History of Anthropology is a new series of annual volumes each of which will treat an important theme in the history of anthropological inquiry For this initial volume the editors have chosen to focus on the modern cultural anthropology intensive fieldwork by participant observation Observers Observed includes essays by a distinguished group of historians and anthropologists covering major episodes in the history of ethnographic fieldwork in the American British and French traditions since 1880 As the first work to investigate the development of modern fieldwork in a serious historical way this collection will be of great interest and value to anthropologist historians of science and the social sciences and the general readers interested in the way in which modern anthropologists have perceived and described the cultures of others Included in this volume are the contributions of Homer G Barnett University of Oregon James Clifford University of California Santa Cruz Douglas Cole Simon Frazer University Richard Handler Lake Forest College Curtis Hinsley Colgate University Joan Larcom Mount Holyoke College Paul Rabinow University of California Berkeley and the editor **Papers of the Peabody Museum of Archaeology and Ethnology, Harvard University ,1971**

The American Architect and Building News ,1884 The Warehousemen and drapers' trade journal. Vo.1-8 ,1874 Zuni Origins David A. Gregory,David R. Wilcox,2007 A Choice Outstanding Academic Title The Zuni are a Southwestern people whose origins have long intrigued anthropologists This volume presents fresh approaches to

that question from both anthropological and traditional perspectives exploring the origins of the tribe and the influences that have affected their way of life Utilizing macro regional approaches it brings together many decades of research in the Zuni and Mogollon areas incorporating archaeological evidence environmental data and linguistic analyses to propose new links among early Southwestern peoples The findings reported here postulate the differentiation of the Zuni language at least 7 000 to 8 000 years ago following the initial peopling of the hemisphere and both formulate and test the hypothesis that many Mogollon populations were Zunian speakers Some of the contributions situate Zuni within the developmental context of Southwestern societies from Paleoindian to Mogollon Others test the Mogollon Zuni hypothesis by searching for contrasts between these and neighboring peoples and tracing these contrasts through macro regional analyses of environments sites pottery basketry and rock art Several studies of late prehistoric and protohistoric settlement systems in the Zuni area then express more cautious views on the Mogollon connection and present insights from Zuni traditional history and cultural geography Two internationally known scholars then critique the essays and the editors present a new research design for pursuing the question of Zuni origins By taking stock and synthesizing what is currently known about the origins of the Zuni language and the development of modern Zuni culture Zuni Origins is the only volume to address this subject with such a breadth of data and interpretations It will prove invaluable to archaeologists working throughout the North American Southwest as well as to others struggling with issues of ethnicity migration incipient agriculture and linguistic origins
