Contemporary Sephardic and Mizrahi Literature Dario Miccoli, 2017-04-21 This book argues that the literary texts produced by Sephardic and Mizrahi Jews who migrated from the Middle East and North Africa in the 1950s onwards should be considered as part of a transnational arena in which forms of Jewish diasporism and postcolonial displacement interweave Through an original perspective that focuses on novelists poets professional and amateur writers the book explains that these Sephardic and Mizrahi authors are part of a global literary diaspora at the crossroads of past Arab legacies new national identities and persistent feelings of Jewishness

The

Jews of France Esther Benbassa, 2001-07-02 In the first English language edition of a general synthetic history of French Jewry from antiquity to the present Esther Benbassa tells the intriguing tale of the social economic and cultural vicissitudes of a people in diaspora With verve and insight she reveals the diversity of Jewish life throughout France's regions while showing how Jewish identity has constantly redefined itself in a country known for both the Rights of Man and the Dreyfus affair Beginning with late antiquity she charts the migrations of Jews into France and traces their fortunes through the making of the French kingdom the Revolution the rise of modern anti-Semitism and the current renewal of interest in Judaism As early as the fourth century Jews inhabited Roman Gaul and by the reign of Charlemagne some figured prominently at court The perception of Jewish influence on France's rulers contributed to a clash between church and monarchy that would culminate in the mass expulsion of Jews in the fourteenth century The book examines the re-entry of small numbers of Jews as New Christians in the Southwest and the emergence of a new French Jewish population with the country's acquisition of Alsace and Lorraine The saga of modernity comes next beginning with the French Revolution and the granting of citizenship to French Jews Detailed yet quick-paced discussions of key episodes follow progress made toward social and political integration the shifting social and demographic profiles of Jews in the 1800s Jewish participation in the economy and the arts the mass migrations from Eastern Europe at the turn of the twentieth century the Dreyfus affair persecution under Vichy the Holocaust and the postwar arrival of North African Jews Reinterpreting such themes as assimilation acculturation and pluralism Benbassa finds that French Jews have integrated successfully without always risking loss of identity Published to great acclaim in France this book brings important current issues to bear on the study of Judaism in general while making for dramatic reading

Jewish Identity in French Cinema (1950-2010) Serge Bokobza, 2016-02-22 This book examines the expression of a Jewish identity in French films and the characteristics used by filmmakers to portray this nebulous concept in movies produced after the Shoah and World War II Throughout a sixty-year span French directors struggled to define Jewish identity and a correlation with the larger question of French national identity The study delves into the larger question of Jewish identity as characterised in works of cinematic fiction in accordance with the history of the Jews of France using the centrality of the emancipation paradigm of 1791 and the theoretical frame provided by Jean-Paul Sartre's *Reflexions sur la question juive* The book identifies and describes three categories of films produced between 1950 and 2010 that represent the manner in which directors portrayed an evolving Jewish identity and its relation to French society rejecting the practice of labeling a film as Jewish because of the ethnicity of a director or writer Based on extensive research including the review of over 200 full-length films the book provides an overview of features addressing the concept of Jewish identity and includes a Descriptive Filmography of productions matching the author's definition of a Jewish identity film From the template *La Grande Illusion* to contemporary releases the book argues that French Jewish identity films dwell in the sociological realm of Jewishness as the epicenter of tension is rooted in identity rather than religion

The End of the French Intellectual Shlomo Sand, 2018-04-10 Charting the decline of the French intellectual from the Dreyfus Affair to Islamophobia The best selling author of *The Invention of the Jewish People* Shlomo Sand examines the troublesome figure of the French intellectual Revered throughout the Francophile world France s tradition of public intellectual engagement stems from Voltaire and Zola and runs through Sartre and Foucault to the present day The intellectual enjoys a status as the ethical lodestar of his nation s life but as Sand shows the recent history of these esteemed figures shows how often and how profoundly they have fallen short of the ideal Sand examines Sartre and de Beauvoir s unsettling accommodations during the Nazi occupation and then shows how Muslims have replaced Jews as the nation s scapegoats for a new generation of public intellectuals including Michel Houellebecq and Alain Finkielkraut Possessing an

intimate knowledge of the Parisian intellectual milieu Sand laments the degradation of a literary elite but questions the value of that class at the best of times Drawing parallels between the Dreyfus Affair and Charlie Hebdo while mixing reminiscence with analysis Sand casts a characteristically candid and mordant gaze upon the intellectual scene of today *The French Book Trade in Enlightenment Europe I* Mark Curran, 2018-08-09 This volume is a ground breaking contribution to enlightenment studies and the international and cross cultural history of print The result of a five year research project the volume traces the output and dissemination of books and how reading tastes changed in the years 1769 1794 Mapping the book trade of the Soci t Typographique de Neuch tel STN a Swiss publisher wholesaler which operated throughout Europe the authors reconstruct the cosmopolitan elite culture of the later enlightenment incorporating many engaging case studies The STN s archives are uniquely rich in both detail and range and while these archives have long attracted book historians notably Robert Darnton a leading scholar of the Enlightenment existing work is fragmentary and limited in scope By means of comparative study the author considers the entire book market across Europe making local regional and chronological nuances based on advanced taxonomies of subject content author information markers of illegality and much more This volume is in short the most diverse and detailed study of the late 18th century book trade yet while offering fresh insights into the enlightenment **Histoire des relations entre juifs et musulmans des origines à nos jours**
