des textes sybillins qui int ressent toute l humanit **Nostradamus** Denis Crouzet,2018-03-16 One of the most enigmatic figures in history Nostradamus apothecary astrologer and soothsayer is a continual source of fascination Indeed his predictions are so much the stock in trade of the wildest merchants of imminent Doom that one could be forgiven for forgetting that Michel de Nostredame 1503 1566 was a figure firmly rooted in the society of the French Renaissance In this bold new account of the life and work of Nostradamus Denis Crouzet shows that any attempt to interpret his Prophecies at face value is misguided Nostradamus was not trying to predict the future He saw himself rather as prophesying i e bringing the Word of God to humankind Like Rabelais for whom laughter was a therapy to help one cope with the misery of the times Nostradamus thought of himself as a physician of the soul as much as of the body His unveiling of the menacing and horrendous events which await us in the future was a way of frightening his readers into the realisation that inner hatred was truly the greatest peril of all to which the sole remedy was to live in the love and peace of Christ This inspired interpretation penetrates the imaginative world of Nostradamus a man whose life is as mysterious as his writings It shows him in a completely new dimension securing for him a significant place among the major thinkers of the Renaissance **Ce qui sera** !
