Employee Progression Plan Template:

Make Work Better Doug Dennerline, Jamie Aitken, 2023-05-23 It's time to make performance management work. We've moved on from antiquated tools like typewriters or checkbooks but bosses still rely on the same annual performance review process to manage employees the same way they did 70 years ago. It fails our modern hybrid workplaces and it doesn't improve performance especially for today's millennial and Gen Z workforce. It succeeds only in lowering employee engagement, undermining trust in management, decreasing transparency and increasing turnover. There must be a way to make work better for all of us. There is. *Make Work Better* shows HR leaders and middle managers the modern path to better employee performance, amplified engagement and company culture and more empowered people. Readers will learn how to make goals and OKRs more useful, more often for everyone. Eliminate ratings and implement a promotion process that reflects reality and retains employees. Make check-ins more productive at better intervals for managers and reports. Teach everyone to better deliver and receive more effective structured and unstructured feedback. Make recognition count and create formal development paths for high performers. Use data to make the right people decisions and eliminate bias. Structure your organization to maximize the impact of HR and People Operations. Featuring front-line insights from adopters of the process at Google, Intuit, Vertiv, Pepsico and other leading organizations, *Make Work Better* gives readers everything they need to improve their organization from wherever they sit. **Performance Feedback Strategies** Sandra

Mashihi, Kenneth M. Nowack, 2025-04-01 Unlock the full potential of your employees with effective feedback. Providing performance feedback is one of the most challenging tasks leaders face. Feedback often sparks frustration and fear for both leaders and their teams. Why? Because there is a disconnect between what leaders think they are communicating and what employees receive. In this essential book, leadership experts Mashihi and Nowack offer leaders their four-part Performance Feedback Coaching Model designed to bridge this gap. After over a decade spent developing, testing and refining their model with leaders around the world, the authors offer this powerful framework based on research in neuroscience and psychology. The book equips leaders at all levels with practical strategies and tools to deliver tailored feedback that aligns with each employee's unique skills and interpersonal strengths. By personalizing feedback, leaders can inspire significant improvements in employee behavior, creating a workplace where leaders achieve their goals and employees thrive—a true win-win situation. The authors share powerful stories, real-life examples and user-friendly tips as well as questionnaires, worksheets and other tools leaders can apply immediately in managing today's diverse and global workforce. With this book as your roadmap, you will have the guidance you need to improve your employees' development, performance, motivation, satisfaction and retention.
