The Corporate Bond Market Boom in Emerging Economies Ms.Diana Ayala Pena,Milan Nedeljkovic,Christian Saborowski,2015-07-07 This paper studies the determinants of shifts in debt composition among EM non financial corporates We show that institutions and macro fundamentals create an enabling environment for bond market development During the recent boom episode however global cyclical factors accounted for most of the variation of bond shares in total corporate debt The sensitivity to global factors appears to vary with relative bond market size which we interpret to be associated with liquidity and easy entry and exit rather than local fundamentals Foreign bank linkages help explain why bond markets increasingly substituted for banks in channeling liquidity to EMs Our results highlight the risk of capital flow reversal in EMs that benefited from the upturn in the global financial cycle mostly due to their liquid markets rather than strong fundamentals **Molecular Microbiology** David H. Persing,Fred C. Tenover,Randall T. Hayden,Margareta Ieven,Melissa B. Miller,Frederick S. Nolte,Yi-Wei Tang,Alex van Belkum,2020-07-24 Presenting the latest molecular diagnostic techniques in one comprehensive volume The molecular diagnostics landscape has changed dramatically since the last edition of Molecular Microbiology Diagnostic Principles and Practice in 2011 With the spread of molecular testing and the development of new technologies and their opportunities laboratory professionals and physicians more than ever need a resource to help them navigate this rapidly evolving field Editors David Persing and Fred Tenover have brought together a team of experienced researchers and diagnosticians to update this third edition comprehensively to present the latest developments in molecular diagnostics in the support of clinical care and of basic and clinical research including next generation sequencing and whole genome analysis These updates are provided in an easy to read format and supported by a broad range of practical advice such as determining the appropriate type and quantity of a specimen releasing and concentrating the targets and eliminating inhibitors Molecular Microbiology Diagnostic Principles and Practice Presents the latest basic scientific theory underlying molecular diagnostics Offers tested and proven applications of molecular diagnostics for the diagnosis of infectious diseases including point of care testing Illustrates and summarizes key concepts and techniques with detailed figures and tables Discusses emerging technologies including the use of molecular typing methods for real time tracking of infectious outbreaks and antibiotic resistance Advises on the latest quality control and quality assurance measures Explores the increasing opportunities and capabilities of information technology Molecular Microbiology Diagnostic Principles and Practice is a textbook for molecular diagnostics courses that can also be used by anyone involved with diagnostic test selection and interpretation It is also a

Points **Digest of Education Statistics 2012** Thomas D. Snyder, Sally a Dillow, 2014-04 Digest of Education Statistics 2012 is the 48th in a series of publications initiated in 1962 Its primary purpose is to provide a compilation of statistical information covering the broad field of American education from pre kindergarten through graduate school drawn from government and private sources but especially from surveys and other activities led by NCES National Center for Education Statistics part of the Institute for Education Sciences IES The digest contains data on the number of schools students and teachers as well as statistics on educational attainment finances libraries technology and international comparisons Details on population trends education attitudes labor force characteristics and federal aid supplies helpful background for evaluating the education data This statistical reference could be helpful to parents choosing schools for their children as well as for teachers librarians and public administrators as it tracks enrollment population trends and key areas of studies with student progress It also tracks the post secondary college level detailing undergraduate tuition and room board ESTIMATE costs at private nonprofit institutions private for profit institutions and public institutions It also tallies the number of postsecondary degrees and provides some gender demographics in this area The Digest contains seven chapters All Levels of Education Elementary and Secondary Education Postsecondary Education Federal Programs for Education and Related Activities Outcomes of Education International Comparisons of Education and Libraries and Adult Education Preceding these chapters is an Introduction that provides a brief overview of current trends in American education which supplements the tabular materials in chapters 1 through 7 The Digest concludes with three appendixes The first appendix Guide to Sources provides a brief synopsis of the surveys used to generate the Digest tables the second Definitions is included to help readers understand terms used in the Digest and the third Index of Table Numbers allows readers to quickly locate tables on specific topics In addition to updating many of the statistics that have appeared in previous years this edition contains new material including Percentage distribution of 6 to 18 year olds by parent s highest level of educational attainment household type either two parent or single parent and child s race ethnicity table 12 Enrollment and percentage distribution of enrollment in public elementary and secondary schools by race ethnicity and region table 44 Number and percentage of public school students participating in programs for English language learners by state table 47 Children 3 to 21 years old served under Individuals with Disabilities Education Act Part B by age group and race ethnicity table 49 Percentage of 3 4 and 5 year old children enrolled in preprimary programs by attendance status level of program and selected child and family characteristics table 57 Number and enrollment of public elementary and secondary schools that have closed by school level and type table 109 Number and percentage distribution of public school students eligible for free or reduced price lunch by school level locale and student race ethnicity table 112 Public elementary and secondary charter schools and enrollment by state table 117 First time kindergartners reading mathematics science cognitive flexibility and approaches to learning scale scores in fall and spring of the kindergarten year by selected child family and school characteristics table 135 Number and percentage

distribution of kindergartners by kindergarten entry status i.e. early entrant on time entrant delayed entrant or kindergarten repeater and selected child family and school characteristics table 136 Kindergartners reading mathematics science cognitive flexibility and approaches to learning scale scores in fall and spring of the kindergarten year by kindergarten entry status table 137 Percentage of 9th grade students participating in various school sponsored and non school sponsored activities by sex and race ethnicity table 183 Percentage of 4th 8th and 12th graders absent from school in the last month by selected student and school characteristics and number of days absent table 187 Total and current expenditures per pupil in fall enrollment in public elementary and secondary schools by function and subfunction table 214 Total fall enrollment in all postsecondary institutions participating in Title IV programs by degree granting status and control of institution table 222 Percentage of recent high school completers enrolled in 2 year and 4 year colleges by income level table 236 Number of postsecondary students who entered the student loan repayment phase number of students who defaulted and 2 year student loan cohort default rates by level and control of institution table 400 Number and percentage of persons 16 to 24 years old who were neither enrolled in school nor working by educational attainment age group family poverty status and race ethnicity table 429 Employment to population ratios of all persons males and females 16 to 64 years old by age group and educational attainment tables 431 432 and 433 Unemployment rates of all persons males and females 16 to 64 years old by age group and educational attainment tables 434 435 and 436 Percentage of high school students age 16 over who were employed by age group sex race ethnicity family income nativity and hours worked per week table 441 and Average reading literacy scale scores of fourth graders and percentage whose schools emphasize reading skills and strategies at or before second grade or at third grade by sex and country or other education system table 462

Medicine at the Margins

Christopher Prener, 2022-12-06 Presents a unique view of social problems and conflicts over urban space from the cab of an ambulance While we imagine ambulances as a site for critical care the reality is far more complicated Social problems like homelessness substance abuse and the health consequences of poverty are encountered every day by Emergency Medical Services EMS workers Written from the lens of a sociologist who speaks with the fluency of a former Emergency Medical Technician EMT *Medicine at the Margins* delves deeply into the world of EMTs and paramedics in American cities an understudied element of our health care system Like the public hospital the EMS system is a key but misunderstood part of our system of last resort *Medicine at the Margins* presents a unique prism through which urban social problems the health care system and the struggling social safety net refract and intersect in largely unseen ways Author Christopher Prener examines the forms of marginality that capture the reality of urban EMS work and showcases the unique view EMS providers have of American urban life The rise of neighborhood stigma and the consequences it holds for patients who are assumed by providers to be malingering is critical for understanding not just the phenomenon of non or sub acute patient calls but also why they matter for all patients This sense of marginality is a defining feature of the experience of EMS work and is a

statement about the patient population whom urban EMS providers care for daily Prener argues that the pre hospital health care system needs to embrace its role in the social safety net and how EMSs future is in community practice of paramedicine a port of a broader mandate of pre hospital health care By leaning into this work EMS providers are uniquely positioned to deliver on the promise of community medicine At a time when we are considering how to rely less on policing the EMS system is already tasked with treating many of the social problems we think would benefit from less involvement with law involvement Medicine at the Margins underscores why the EMS system is so necessary and the ways in which it can be expanded

Digest of Education Statistics ,2010 Contains information on a variety of subjects within the field of education statistics including the number of schools and colleges enrollments teachers graduates educational attainment finances Federal funds for education libraries international education and research and development
