His Good Name Christina Geisen, Jean Li, Steven B. Shubert, Kei Yamamoto, 2021-03-20 The wish to affiliate with a specific cultural social or ethnical group is as important today as it was in past societies such as that of the ancient Egyptians The same significance applies to the self presentation of an individual within such a group Although it is inevitable that we perceive ancient cultures through the lens of our time place and value systems we can certainly try to look beyond these limitations Questions of how the ancient Egyptians saw themselves and how individuals tried to establish and thus present themselves in society are central pieces of the puzzle of how we interpret this ancient culture This volume focuses on the topic of identity and self presentation tackling the subject from many different angles the ways in which social and personal identities are constructed and maintained the manipulations of culture by individuals to reflect real or aspirational identities and the methods modern scholars use to attempt to say something

about ancient persons Building on the work of Ronald J Leprohon to whom this volume is dedicated contributions in this volume present an overview of our current state of understanding of patterns of identity and self presentation in ancient Egypt The contributions approach various aspects of identity and self presentation through studies of gender literature material culture mythology names and officialdom

Research Anthology on Food Waste Reduction and Alternative Diets for Food and Nutrition Security Management Association, Information Resources,2020-09-17 The world population is expected to increase exponentially within the next decade which means that the food demand will increase and so will waste production The increasing demand for food as well as changes in consumption habits have led to the greater availability and variety of food with a longer shelf life However there is a need for effective food waste management and food preservation as wasted food leads to overutilization of water and fossil fuels and increasing greenhouse gas emissions from the degradation of food The Research Anthology on Food Waste Reduction and Alternative Diets for Food and Nutrition Security explores methods for reducing waste and cutting food loss in order to help the environment and support local communities as well as solve issues including that of land space It also provides vital research on the development of plant based foods meat alternative diets and nutritional outcomes Highlighting a range of topics such as agricultural production food supply chains and sustainable diets this publication is an ideal reference source for policymakers sustainable developers politicians ecologists environmentalists corporate executives farmers and academicians seeking current research on food and nutrition security

Effective Grading Practices for Secondary Teachers Dave Nagel,2015-03-04 Enact innovative grading systems that more accurately describe student progress This book challenges traditional grading practices and provides alternatives that can have direct impact on student success By making subtle shifts toward standards based grading systems schools can reduce unnecessary course failures provide students and their families a more accurate picture of current progress and increase opportunities for success The author offers a range of grading reform strategies that are built from practical frameworks that are effective and simple to adapt Among the many strengths of this book are Practical application of existing research and evidence base for effective secondary grading reforms A framework for schools and districts to apply and adapt failure prevention strategies such as early failure detection Amnesty Days and meaningful stipulated second chance opportunities for students to reach mastery Functional strategies and actions for shifting toward standards based referenced grading without entirely abandoning letter grades Countering resistance to change through a clearly articulated plan for conducting school wide and classroom level action research around the effectiveness of new or adjusted grading practices Informative and pragmatic this book is spot on with analysis of this elephant in the room issue Nagel uses both empathy and humor in getting to the heart of a process to generate real solutions while underscoring the ultimate need for teacher voice in any successful implementation He provides ready made strategies for real impactful change I m left hopeful that feedback will rule the day Bruce Potter Superintendent Berkshire UFSD Nagel offers an insightful and articulate voice to

secondary improvement and alignment through grading practices His tried and true methods through working with real districts provides a starting place and examples for others to follow A must read for anyone serious about ensuring student engagement through meaningful feedback Debra K Howe Superintendent Tri Creek School Corporation *Intersections of Race, Gender, and Precarity* Stephanie M. Baran,2022-01-28 In *Intersections of Race Gender and Precarity Navigating Insecurities in an American City* Stephanie Baran argues that when it comes to assistance the United States government often creates more problems than it solves These institutions are not in the business of creating a pathway for people to escape poverty often compounding that poverty instead Through a two year ethnographic study of poverty and insecurity in Milwaukee Wisconsin the author shows how people navigate situations of poverty through interviews with recipients and organizations as well as those working at a local community pantry Consequently research uncovered how local food organizations with connections to the Milwaukee Chapter of the Black Panther Party hide their more radical roots to protect food donations from white donors in essence protecting white fragility People are far closer to experiencing poverty than they realize as shown by the Government Shutdown of 2019 and the ongoing COVID 19 pandemic and typically have incomplete and inaccurate ideas of poverty as well as how people can experience upward mobility *Intersections of Race Gender and Precarity* reveals this gap through a focus on how all these factors show up in Milwaukee Wisconsin
