

8th Grade Research Project

Welcome to the wonderful world of research! In addition to being a Casey tradition for more than 16 years, this project will be a challenging, stimulating and rewarding experience for you as it prepares you for the level and quality of work expected at the high school level. Therefore, please follow all directions very carefully, stay on target, and do your absolute best work.

You will have time to write a **paper**, develop your **oral presentation**, and create a **museum exhibit** in your US Society class, English Language Arts/ELD class and Spanish Language Arts. You will also need to **work nightly** on this project in order to meet all due dates, so **plan and budget your time well**. You will be assigned a research mentor who will provide you with additional support throughout the research process.

Paper

- You will choose from a variety of topics from US history.
- You must analyze the topic, place it in its historical context, and explain its impact on US history.
- You will need a minimum of six (6) primary and secondary sources for your paper: at least two books (or e-books), two Internet sources, and two periodicals or other sources.
- Your paper will be a minimum of 1600 words (app. 5 -7 typed pages) and will include a works cited page. (The works cited page does not count towards your word/page count.)
- Parenthetical (internal) citations are required for this paper. You will receive explicit guidelines on how to use parenthetical references (internal citations) and how to write a proper works cited page that includes each type of source used.
- Your paper should be created on Google drive and shared with your mentor. Name it - your first & last name, research paper topic
For example: Jennifer Lawrence, *Hunger in America*
- When you print your paper, use all standard conventions for a high school/college quality research paper (MLA format). Specific requirements for MLA format can be found on the back of this page.

Oral Presentation

- The **oral presentation** will be a 5-7 minute summary of your research using your slideshow and museum exhibit for support. You will choose a specific class in which to present your research. Presentations will be given in the same language as the paper.
- Your presentation will include a **slide show** of 6-10 slides with no more than 140 total words. The first slide should contain your title and thesis statement, and the rest must include main ideas that support your thesis statement.

Museum Exhibit

- You will also create a **museum exhibit** to accompany this paper. This portion of your project is fairly open-ended and allows you to showcase your creative side. Your visual teaching tool should be completely related to your research. Science boards, dioramas, models, pop-up books, time capsules are examples of museum exhibits you may create to enhance your presentation. You will receive more details – and see some examples from last year – as we go along.

Points

- You will receive the same grade for US Society and Language Arts Classes

Process and Participation	120 points
First Draft	50 points
Second Draft	40 points
Final Draft	100 points
Oral Presentation and Museum Exhibit	100 points
Total Points Possible For 8th Grade Project	410 points

book puts forward culturally relevant context for understanding developmental aspects of children's school achievement and their implication to classroom practice and education progress. Converging the two important lines of inquiry, the child factor and the sociocultural factor, this book showcases evidence-based scholarly works from across the globe that shed light on causes of academic achievement in different contexts. The book brings together eminent scholars from early childhood, primary education, secondary and vocational education who expertly capture the vitality of development and processes of specific child factors and their interaction with their environment that explain their school achievement. Foregrounded in the five planes of cultural, historical, institutional, social, personal and mental, the research explains how children think, learn and form the will to perform amidst the changing social and family environment and challenging school and educational environment.

Examples Of Good Research Papers For Grade 7 Introduction

In today's digital age, the availability of Examples Of Good Research Papers For Grade 7 books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Examples Of Good Research Papers For Grade 7 books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Examples Of Good Research Papers For Grade 7 books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Examples Of Good Research Papers For Grade 7 versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Examples Of Good Research Papers For Grade 7 books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Examples Of Good Research Papers For Grade 7 books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a

wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Examples Of Good Research Papers For Grade 7 books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Examples Of Good Research Papers For Grade 7 books and manuals for download have transformed the way we access information.
