10 MARKETING TRENDS & PREDICTIONS FROM EXPERTS

TREND #1: PEER MARKETING PERSISTS

"Reviews have fully integrated themselves into the marketing world with brands spending millions of dollars a year on brand reputation. And it works, as 95% of online shoppers read online reviews before making a buying decision, as does 92% of B2B buyers."

— LEVI OLMSTEAD, 2ndKitchen

TREND #2: CONTENT IS STILL KING

"Content will continue to be such a big part of marketing in 2020 that it's worth getting right. Infographics are one of the best types of content you can create. They are highly shareable, easy to understand, and people love them."

— ALICE CORNER, Venngage

TREND #3: VIDEO KILLED THE BLOG-ONLY STAR

"Over the next few years, we can expect an even higher density of video content on the web. It's been proven that people react much better to visuals, which leaves less space for written text. In terms of SEO, websites will rank much better if they contain a certain percentage of videos. I predict these percentages will continue to rise in the future, putting the main focus on videos and images."
