Explorations In Personality:

Explorations in Personality the late Henry A. Murray, 2007-11-01 *Explorations in Personality* published by OUP in 1938 established an elaborate agenda for understanding our subjective human nature that is as relevant to students of personality psychology today as it was to its audience then An antidote to the now fashionable strategy of representing a person as a dot on a scatter plot or burying the individual in an amalgam of statistics it advocates whole person research and bubbles with suggestions about how to perform such studies IN addition it actually executes with empirical and experimental rigor and ingenuity the kind of detailed engrossing case study approach it recommends recounting the results of a three year long study of fifty college age individuals This book is in short a classic This reissue enhanced by Dan McAdams foreword which will provide a contemporary evaluation of Murray s achievement will thus be of great interest to students and researchers in personality psychology in general and personologists in particular *Explorations in Personality* Henry Alexander
