The History of the Progressive Movement in the United States and How Liberalism Has Created a Mediocre Society Ralph E Saucier, 2021-09-27

Being raised in the 50's a lot of us have seen how the country has changed when you see that a Chevy that would cost 1500.00 is now over 35,000.00 Yea I know some say inflation can't be helped technology cost more material cost more there are more exotic materials and they last longer Maybe but where does it stop When will politicians of both parties begin to understand and realize what is going on Questions for my fellow Americans 1 When will the deficit stop 2 Consumers don't know if and when inflation will stop the deficit and will it break the American taxpayer Inflation is what pays off the deficit 3 When will the liberals realize there is no more money to pay off debts 4 America cannot keep printing money and expect to have a strong economy 5 Is the United States headed towards a socialist form of government and a one party system

Proof of Conspiracy Seth Abramson, 2019-09-03 Instant New York Times Bestseller A richly documented indictment of power and corruption Kirkus Reviews Through diligent research Seth Abramson exposes a story that U.S. media has largely missed a pre-election geopolitical conspiracy involving Saudi Arabia the United Arab Emirates Israel and Russia that sought to put Trump in the White House and succeeded In late 2015 convicted pedophile international dealmaker and cooperating witness in Special Counsel Robert Mueller's Russia investigation George Nader convened a secret meeting aboard a massive luxury yacht in the Red Sea Nader pitched Saudi Crown Prince Mohammed bin Salman Emirati Crown Prince Mohammed bin Zayed Egyptian President Abdel Fattah el Sisi and other Middle Eastern leaders a plan for a new pro U.S. pro Israel alliance of Arab nations that would fundamentally alter the geopolitics of the Middle East while marginalizing Iran Qatar and Turkey To succeed the plan would need a highly placed American politician willing to drop sanctions on Russia so that Vladimir Putin would in turn agree to end his support for Iran They agreed the perfect American partner was Donald Trump who had benefited immensely from his Saudi Emirati and Russian dealings for many years and who in 2015 became the only U.S. presidential candidate to argue for a unilateral end to Russian sanctions and a far more hostile approach to Iran So begins New York Times bestselling author Seth Abramson's explosive new book Proof of Conspiracy How Trump's International Collusion Threatens American Democracy a story of international intrigue whose massive cast of characters includes Israeli intelligence operatives Russian oligarchs Saudi death squads American mercenary companies Trump's innermost circle and several members of the Trump family as well as Trump himself all part of a clandestine multinational narrative that takes us from Washington D.C. and Moscow to the Middle

Ayton,2021-11-24 Protecting the Presidential Candidates is the first book of its kind to examine how presidents and presidential candidates were protected during the presidential election cycles from JFK to Biden It is also the first book of its kind to tell the story of the role of state troopers and private bodyguards in protecting presidential candidates Protection for candidates changed and evolved from the free wheeling style of the 1950s and early 1960s which afforded presidential candidates little or no protection to the growth of bodyguard personnel increased intelligence facilities and state of the art technology employed today to keep the candidates safe Presidential candidates relish connecting with the public and it has given greater visibility to the bodyguards who are willing to place themselves between a presidential candidate and a would be attacker In the milieu in which the Secret Service operates bodyguards have witnessed the terrors of election campaigns when presidential candidates have waded into crowds to shake hands with their supporters rode in open top cars and made sudden but risky changes to their schedules oblivious to the fact that in every campaign there have been people stalking candidates with ill intent Many stories revealed in Protecting the Presidential Candidates have remained largely hidden from the public some buried in newspaper archives and others in oral histories presidential libraries or official government documents The author draws on numerous sources including FBI files presidential biographies vice presidential biographies civilian bodyguard memoirs Secret Service agent memoirs White House staff memoirs and more so that these stories can now be told The book also allows readers to gain an insight into the personal as well as professional relationships between the candidate and the bodyguards who protected them Some candidates were so trusting of their bodyguards they embraced them as part of an inner circle of advisers Bodyguards have also witnessed embarrassing moments in a candidate s campaign and how intrusive they have been at the most delicate of moments The president s day is your day one agent said Nobody sees the president the way an agent does An Independent View of The Donald J Trump Presidency William

Smith,2022-11-04 In the last four years I have been seeking answers as to why our country is so deeply divided Are we being fooled by those whom we rely on to deliver the truth about what is happening within America I believe that our government has failed us by allowing those with ulterior motives to influence our hearts and minds by commercially controlling our free enterprise system of democracy This book takes a chronological look at the inner workings of our government leading up and into Donald Trump s administration which has made him the most controversial president of my lifetime He has created a following that is every bit as fanatical about our government as he has been in the way he has shaped his administration to conform to his authority Here we have a president that was impeached twice has a long history of involvement in lawsuits plays by his own rules runs his business enterprises in an autocratic manner demands loyalty while firing those who fail to serve his needs yet can do no wrong in the eyes of his MAGA admirers Half of America loves him and half despises him Who

really knows and understands Donald Trump Unfortunately we do not listen to another s position in life because we have already been conditioned to believe in what we have been told and what we have experienced ourselves We have been further hampered by the lack of information as much as by planted misinformation Finding the truth within Trump s presidency has been my obsession What I promised to do is find the cause and effect of our differences by presenting verifiably historical documentation so that readers can evaluate for themselves what is real and what is deliberate deception As an Independent voter I have called upon my conservative friends and acquaintances to present their point of view In order to Make America Great Again all we need to do is listen to each other then speak our concerns with understanding and compassion

The Next Red Wave Jordan Sekulow,2019-09-24 Popular radio host and conservative legal and political commentator Jordan Sekulow offers an action plan that will bring real change to government and help secure the future of our nation The next red wave is coming November 3 2020 We face battles on many fronts The Deep State bureaucracy will stop at nothing to undermine the conservative agenda even when that s the agenda chosen by the American voter The liberal bureaucracy will continue to work alongside former liberal government officials from yes the Obama Administration and Team Clinton In this election the Left s prized goal exclusively will be defeating President Donald Trump by whatever means necessary A red wave that surpasses the turnout and figures of the historic 2016 election will be the only way to win Our opponents won t be caught off guard by President Trump again I promise you the DNC and liberal activists organizations began working on plans to defeat President Trump in 2020 before he was even inaugurated in 2017 In fact we have evidence of FBI officials attempting to undermine President Trump as he was preparing to take the Oath of

Office So called progressives and the radical Left relentlessly force their liberal agenda on the American people Even when Republican majorities control both houses of Congress the deck can feel stacked against us The confirmation hearings for Justice Kavanaugh are a good reminder about the chaos liberals can cause even when they are in the minority Now Democrats control the House of Representatives while Republicans maintain control of the U S Senate We deserve better All Americans deserve better We deserve politicians who keep their promises The only way to force action and hold our elected officials accountable is to know the issues and engage the political process But it s more than just fulfilling our civic duty at the ballot box It s being actively engaged in public discourse in between elections Battles important battles are won far more often in the court of public opinion than in any federal courtroom These battles affect our lives every single day It s time to fight back and come together to generate the next red wave We can t wait another moment Now is the time to do it It really is up to us The clock is ticking
