Your title should be short, descriptive and succinct and use key words that connect with the topic and Digital Society and attract the interest of a reader. Do not simply paraphrase your research question and use as your title.

**EE Research Question** - your research question derives from the title and is expressed as a question that is intended to be answered through researching and writing the EE. It appears on the title page and could also be visible as a header throughout the essay. Your research question needs to be clear and focused; use keywords that connect with the topic, the title, and Digital Society and support the development of an argument. Your research question should help to focus your research, providing a path through which you will
