**Eves Wide Open** Larry Ballard, 2014-12-09 The world is at a tipping point It has ushered in the planet's sixth mass extinction which is caused by overpopulation colliding with out of control material consumption and shortages of life sustaining oil and clean water This is the motivating force behind a group of international bankers with the intention of imposing a one world dictatorship in order to kill six billion of us and subjugate the rest The truth will set you free Eyes Wide Open God's Final Warning will open your eyes to the evil that infests the world and reveal God's plan for restoration It will empower you to take action to alter the fate of the human race What happens in the twenty first century will determine if humanity will learn to live in harmony and peace and solve the challenges that threaten us or if we will utterly destroy ourselves and the planet that sustains us The future rests with this generation Will you make a difference Warning Dr. David Jeremiah, 2010-08-02 In the confusion of voices at the turn of the millennium Christians need to hear one voice above all others the voice of Jesus Christ Based on the Olivet Discourse in the book of Matthew Jesus Final Warning offers perspective and timely insights from the Lord Jesus to comfort encourage and challenge His Church in these stressful distracting times The Seven Pillars of Creation William P. Brown, 2010-02-26 In their highly selective and literal reading of Scripture creationists champion a rigidly reductionistic view of creation in their fight against soulless scientism Conversely many scientists find faith in God to be a dangerous impediment in the empirical quest for knowledge As a result of this ongoing debate many people of faith feel forced to choose between evolution and the Bible's story of creation But as William Brown asks which biblical creation story are we talking about Brown shows that through a close reading of biblical texts no fewer than seven different biblical perspectives on creation can be identified By examining these perspectives Brown illuminates both connections and conflicts between the ancient creation traditions and the natural sciences arguing for a new way of reading the Bible in light of current scientific knowledge and with consideration of the needs of the environment In Brown s argument both scientific inquiry and theological reflection are driven by a sense of wonder which in his words unites the scientist and the psalmist Brown s own wonder at the beauty and complexity of the created world is evident throughout this intelligent well written and inspirational book The Christian Advocate, 1903 **Daily Devotional** John Henry Mccoury, 2015-10-25 A daily devotional for the entire year by Pastor John Henry Mccoury With the Word Warren W.
